Assembly,1846 Cruise Tourism in Polar Regions Michael Luck,Patrick T. Maher,Emma J. Stewart,2010-09-23 Cruises are the primary form of tourism in the Polar Regions and cruise ship tourism in both the Arctic and Antarctic is expanding rapidly The industry has moved beyond its infancy and is now entering a maturing phase with increased numbers and types of vessels more demanding routes and more regular and predictable patterns of activity The increase in cruise activities and the associated risks of accidents as well as the potential and actual impacts of the large numbers of tourists in the polar regions bring with it management challenges for sustainable use of these regions This book discusses critically the issues around environmental and social sustainability of the cruise industry in Polar Regions Authors from Canada USA Europe Australia and New Zealand are experts in their respective fields and take an innovative critical and at times controversial approach to the subject *TWENTY-ONE BOXES: Robin's Story and the Tragedy of the Edenton Seven* Betsy Hester,2024-03-13 In 1989 the Little Rascals Day Care in Edenton North Carolina was suddenly thrust into the national spotlight One day the owner s husband disciplined a boy at naptime and soon an angry mother suggested that it was more than just a slap Rumors quickly morphed into charges of unimaginable crimes against dozens of little children Panic consumed the town as the police therapists and parents relentlessly pressured the children who attended the day care to name their teachers responsible for multiple allegations of abuse The Edenton Seven were caught up in the accusations including nineteen year old teacher Robin Boles Byrum She spent nearly a year in jail under an enormous bond meant to pressure her to tell the truth while she had a new baby at home Eerily reminiscent of the hysteria that gripped Salem Massachusetts during the witch trials of the seventeenth century the Little Rascals case ultimately became the longest and most expensive criminal trial in North Carolina history Three decades later Betsy Hester met Robin Byrum Couto and together they joined forces to tell the truth In this book Betsy shares insights from legal and medical experts and reveals the facts from twenty one boxes and bound testimonies from the courtroom long since buried away Intertwined with the case history is Robin s never before told story of her harrowing journey through the court system Finally this book serves as a modern day warning about the danger of mass hysteria and the consequences of a judicial system that blindly refused to hear and seek the truth Administration in Mental Health ,1979 **Administration in Mental Health** National Institute of Mental Health (U.S.),1980 *Foreigners and Foreign Institutions in Republican China* Anne-Marie Brady,Douglas Brown,2013 Republican China attracted an uncommon diversity of foreign interests groups and individuals which included missionaries adventurers diplomats academics humanitarians and refugees as well as hedonists and tourists By exploring the diverse nature of foreign activities in Republican China this book complicates the dominant narratives of the imperialistic foreigner and Chinese victim and moves beyond the depiction of foreigners as privileged and the Chinese as simply weak The spaces and relationships examined in the essays in this volume reveal a complex series of interactions between foreigners and the people of China which go far beyond one way transmission or exploitation Indeed this book examines how diverse and sometimes seemingly

peripheral foreign individuals and communities influenced literature education trade sexual morality warfare and architecture in China and in the process were themselves profoundly changed in ways that are as remarkable as those experienced by the Chinese they had come to observe meet exploit conquer assist or change Bringing together the work of a diverse group of scholars on Republican China this edited volume adopts a uniquely multi disciplinary approach to the study of foreigners in China and utilises the perspectives of historiography literary studies cultural studies sociology anthropology and political science As such this interesting and innovative book will be of great interest to students and scholars from diverse fields including Chinese and global history politics and international relations Chinese studies literary studies and gender studies
