## Rock N Roll The Early Days:

**Pop Goes the Decade** Ralph G. Giordano, 2017-06-05 Covering significant historical and cultural moments public figures and celebrities art and entertainment and technology that influenced life during the decade this book documents the 1950s through the lens of popular culture On the surface the 1950s was a time of post war prosperity and abundance However in spite of a relaxation of immigration policies the good life in the 50s was mainly confined to white non ethnic Americans A new Cold War with the Soviet Union intended to contain the threat of Communism and the resulting red scare tinged the experience of all U S citizens during the decade This book examines the key trends people and movements of the 1950s and inspects them within a larger cultural and social context By highlighting controversies in the decade readers will gain a better understanding of the social values and thinking of the time The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a broad avenue for change either intentionally or by accident Dr. Strangelove's America Margot A. Henriksen, 2023-04-28 Did America really learn to stop worrying and love the bomb as the title of Stanley Kubrick s 1964 film Dr Strangelove would have us believe Does that darkly satirical comedy have anything in common with Martin Luther King Jr s impassioned I Have a Dream speech or with Elvis Presley s throbbing I m All Shook Up In Margot Henriksen s vivid depiction of the decades after World War II all three are expressions of a cultural revolution directly related to the atomic bomb Although many scientists and other Americans protested the pursuit of nuclear superiority after World War II ended they were drowned out by Cold War rhetoric that encouraged a culture of consensus Nonetheless Henriksen says a culture of dissent arose and she traces this rebellion through all forms of popular culture At first artists expressed their anger anxiety and despair in familiar terms that addressed nuclear reality only indirectly But Henriksen focuses primarily on new modes of expression that emerged discussing the disturbing themes of film noir with extended attention to Alfred Hitchcock and science fiction films Beat poetry rock n roll and Pop Art Black humor became a primary weapon in the cultural revolution while literature movies and music gave free rein to every possible expression of the generation gap Cultural upheavals from flower power to the civil rights movement accentuated the failure of old values Filled with fascinating examples of cultural responses to the Atomic Age Henriksen s book is a must read for anyone interested in the United States at mid twentieth century Did America really learn to stop worrying and love the bomb as the title of Stanley Kubrick s 1964 film Dr Strangelove would have us believe Does that darkly satirical comedy have anything in common with Martin Luther King Jr s impassioned Hearings United States.
