Rock Stars on God is a collection of hard hitting interviews about spirituality the afterlife and our purpose here on earth with some of rock's biggest names Not only will you discover insights about each artist's spirituality but you'll find a training ground for engaging others in conversations about Jesus Book jacket Rock Star David R. Shumway, 2014-09-15

The nature and meaning of rock stardom celebrities who embody the most important social and cultural conflicts of their era All stars are celebrities but not all celebrities are stars states David Shumway in the introduction to Rock Star an informal history of rock stardom This deceptively simple statement belies the complex definition and meaning of stardom and more specifically of rock icons Shumway looks at the careers and cultural legacies of seven rock stars in the context of popular music and culture Elvis Presley James Brown Bob Dylan the Rolling Stones the Grateful Dead Joni Mitchell and Bruce Springsteen Granted there are many more names that fall into the rock icon category and that might rightfully appear on this list Partly that is the point rock star is a familiar and desired category but also a contested one Shumway investigates the rock star as a particular kind of cultural construction different from mere celebrity After the golden age of moviemaking media exposure allowed rock stars more political sway than Hollywood's studio stars and rock stars gradually replaced movie stars as key cultural heroes Because of changes in American society and the media industries rock stars have become much

more explicitly political figures than were the stars of Hollywood's studio era. Rock stars moreover are icons of change though not always progressive whose public personas read like texts produced collaboratively by the performers themselves, their managers and record companies. These stars thrive in a variety of media including recorded music, concert performance, dress, staging, cover art, films, television, video, print and others. Filled with memorable photographs, *Rock Star* will appeal to anyone interested in modern American popular culture or music history. *Silver Stars and Lucky Stripes* Novene Thomas, *Silver Stars and Lucky Stripes: A Collection of Poems* is a religious experience. The poetry is all about enlightenment, empowerment and inspiration. Says author Novene Thomas, "The Bible is a blessing, inspiration, reassurance and the holistic biblical words heal and comfort me always. Hallelujah." *Do You Care to Lead?* Michael G. Rogers, 2020-01-31. Create loyal, engaged and results-focused teams and organizations using a practical five-part servant leadership formula. Think of a world where people go to work completely engaged, are inspired to do more than they ever thought possible, remain 100% loyal to the teams and organizations they belong to, are achieving mind-blowing results and gladly and even passionately follow their leader's direction. Is that a world you want to be a part of? The reality is you really can. However, it's not the world most people and leaders currently live in. When employees were asked in a Gallup poll whether their supervisor or anyone else at work cared about them, only 4 out of 10 strongly agreed with that statement. That is a startling number. We have a lot of work to do. Old leadership practices don't work anymore. In his work with hundreds of leaders and teams, Michael Rogers has created a practical approach to leadership that works. It is the Care to Lead Leader™. Care to Lead Leaders are different than most leaders. Most leaders talk of caring with their lips but are far from actually leading with their hearts. Care to Lead Leaders lead from their heart. They understand that leading from the heart wins the hearts of those they lead, which makes leading more purposeful and a lot easier. Through Michael's five-part SONIC leadership formula, you will become a Care to Lead Leader. You will discover one simple Care to Lead Leader practice that can literally revolutionize the culture of your teams and/or organizations. How to build real trust on your teams and/or organizations and explode creativity and the volume of ideas. How to have more courage and second-guess yourself less. Practical tips on skyrocketing individual performance. The secret to creating the most loyal followers on the planet. How to take your teams and/or organizations to unprecedented levels of achievement and results. In this book, Michael illustrates his ideas and concepts through introspective questions and inspiring stories that keep you engaged and have you regularly looking at your own leadership and asking, "Am I the kind of leader people really want to follow?" After reading this book, you'll have the tools to apply practical servant leadership approaches that create buy-in, bigger visions, improve loyalty and engagement and move your teams and organizations to unprecedented levels of action. *The SAGE Handbook of Popular Music* Andy Bennett, Steve Waksman, 2015-01-19. *The SAGE Handbook of Popular Music* is a comprehensive, smartly conceived volume that can take its place as the new standard reference in popular music.
