## **Rock Warriors Way Mental Training:**

The Rock Warrior's Way Arno Ilgner, 2006 Mental training is scarcely covered in the climbing literature yet it is as important to performance as strength flexibility and technique In his unique approach to mental training Arno Ilgner draws essential elements from the rich warrior literature as well as from sports psychology and combines these with his extensive climbing experience to create The Rock Warrior's Way Here is a comprehensive program for learning how to focus your mental resources during a challenging climb It includes step by step guidance on motivation analysis information gathering risk assessment mental focus and deliberate transition into action Poor use of attention creates fear which can manifest itself as anything from performance anxiety to sheer terror By using attention more purposefully we can understand how fear is created deal with it effectively and free ourselves to get back in touch with a far more powerful motivating force our love of climbing We can then create the kind of unbending intention that leads to outstanding performance The Rock Warrior's Way is a revolutionary program for climbers who want to improve both their performance and their enjoyment of climbing

*Вертикальный разум* Дон МакГрат, Джефф Элисон, 2018-11-23 All and Nothing Jeff Smoot, 2022-08-25 an excellent resource for anyone interested in the history and psychology of free soloing Steve Potter Climbing Magazine An insider's perspective on free soloing From the author of the critically acclaimed Hangdog Days Examines what motivates people to climb without a rope Once considered a fringe activity climbing without a rope has entered the mainstream consciousness largely because of the Oscar winning documentary Free Solo featuring professional climber Alex Honnold Yet climbers have been free soloing all along motivated by reasons as varied as the climbers themselves All and Nothing delves into the cultural history of free soloing ranging across the storied climbing cultures of the Alps Rocky Mountains Sierra Nevada Joshua Tree Yosemite the Gunks Eldorado Canyon and several other locales Writer and climber Jeff Smoot explores the interplay of climbing and risk as well as psychological theories evolving ethics the effect of media coverage particularly the portrayal of extreme sports and shares original interviews with dozens of free soloists Smoot also recounts his personal experiences climbing without a rope in the same era as talented climbers like Mark Twight and Peter Croft From inside his complex connection to free soloing he examines our relationship with risk how we perceive our sense of control and our perspective on mortality
