Rockin Belly:

Life on Th' Rockin' W Leon Willis, 2011-11-11 I started the story of Life On Th Rockin W in 1964 I have always loved horses worked horses and had a passion to draw With that combination I began to create a story in the form of a comic strip of a familys struggles good times and adventures on a ranch After the completion of 16 pages I submitted the idea of Life On Th Rockin W to The Tennessean to become one of their papers comic strips They rejected the idea and I returned home somewhat disappointed Having the responsibility of supporting my family and helping my wife raise our seven children I put my dream aside In 2009 45 years later I resurrected my long neglected dream the story of Life On Th Rockin W The local weekly newspaper began to publish the comic strip and soon afterward had a dedicated following of readers This book is a collection of the comic strip in its entirety As the story unfolded there was a colt born that was given the name Sparky There was actually a horse in my past named Sparky I had big dreams for him maybe the next Trigger I had to sell him because I had to go to War The new Sparky that was revealed in the comic strip is in memory of the original The coloring book Sparky and Some Friends was created from the story of Life On Th Rockin W Family true to life characters friends and neighbors form the nucleus of the book along with a host of horses and other animals I hope you have a good visit with us *Rockin' in Time* David P. Danny and the Boys Robert Traver, 1987 Robert Traver captures the genuine flavor of backwoods life in this story recounting the escapades of Danny and his four croonies Reaffirming the wonder and glory of individual rights Robert Traver s Hungry Hollow tales recount the mischievous escapades of Danny and his boys Setting themselves up in a logging shack near the iron mining town of Chippewa in Michigan s Upper Peninsula Danny and his cronies spend their time fishing and hunting story telling moonshining and rampaging through the Chippewa saloons and the local hotel Traver has caught the genuine flavor of backwoods life Beyond the diverse schemes and pranks he masterfully portrays a group of men who live as they do because they choose to Although written as fiction Danny and the Boys is true Americana **Before Elvis** Larry Birnbaum, 2013 An essential work for rock fans and scholars Before Elvis The Prehistory of Rock n Roll surveys the origins of rock n roll from the minstrel era to the emergence of Bill Haley and Elvis Presley Unlike other histories of rock Before Elvis offers a far broader and deeper analysis of the influences on rock music Dispelling common misconceptions it examines rock s origins in hokum songs and big band boogies as well as Delta blues detailing the embrace by white artists of African American styles long before rock n roll appeared This unique study ranges far and wide highlighting not only the contributions of obscure but key precursors like Hardrock Gunter and Sam Theard but also the influence of celebrity performers like Gene Autry and Ella Fitzgerald Too often rock historians treat the genesis of rock n roll as a bolt from the

blue an overnight revolution provoked by the bland pop music that immediately preceded it and created through the white appropriation of music till then played only by and for black audiences In Before Elvis Birnbaum daringly argues a more complicated history of rock s evolution from a heady mix of ragtime boogie woogie swing country music mainstream pop and rhythm and blues a melange that influenced one another along the way from the absorption of blues and boogies into jazz and pop to the integration of country and Caribbean music into rhythm and blues Written in an easy style Before Elvis presents a bold argument about rock s origins and required reading for fans and scholars of rock n roll history
