Scalapino, Junnosuke Masumi, 1965 **Parties and Politics in Contemporary Japan** Junnosuke Masumi, **The Politics of Japanese Defense** Joseph P. Large, 2010 *Intellectual Change and Political Development in Early Modern Japan* Sandra T. W. Davis, 1980 A study of the effects of foreign education and contact on the thought pattern and activities of one of Japan s leading yet little known intellectuals and political reforms Ono Azusa It is based on his diary private papers published works and contemporary accounts *Calendar* University of Calcutta, 1929 Includes Examination Papers **The Calendar** University of Calcutta, 1926 **The Politics of Agriculture in Japan** Aurelia George Mulgan, 2013-01-11 Agriculture is one of the most politically powerful sectors in Japanese national politics This book provides the first comprehensive account of the political power of Japanese farmers This definitive text analyses the organisational and electoral basis of farmers political power including the role of agricultural interest groups the

mobilisation of the farm vote and links between farmers and politicians in the Diet Agrarian power has helped to produce the distinctly pro rural anti urban bias of postwar Japanese governments resulting in a general neglect of urban consumer interests and sustained opposition to market opening for farm products This book represents a major study of Japanese agricultural organisations in their multifarious roles as interest groups agents of agricultural administration electoral resource providers and mammoth business groups It describes the policy issues that engage farmers concerns and identifies the agricultural commodities that carry the greatest political significance Sustainability, Diversity, and Equality: Key Challenges for Japan Kimiko Tanaka, Helaine Selin, 2023-07-28 This book enables readers to understand contemporary Japanese society and culture Since it is written by experts it allows readers to start with any chapters they are interested in It also provides a unique way to introduce Japanese society and culture to those who have never visited or studied Japanese society by reading articles from various authors on topics such as gender family economy natural disasters and politics and laws It provides scholars academics graduate students and the general educated audience all the information required to understand contemporary Japanese society and culture fully and see the diverse perspectives available
