Politics Of Elections In Southeast Asia Delusion Or Necessity:

Contextual Analysis on Indonesian Electoral Behavior Mallarangeng (Andi.),1997 *THE JOURNAL OF ASIAN STUDIES VOL. 55 NO. 2* ,1996 **East Meets West** Daniel A. Bell,2000-05-08 Is liberal democracy a universal ideal Proponents of Asian values argue that it is a distinctive product of the Western experience and that Western powers shouldn't try to push human rights and democracy onto Asian states Liberal democrats in the West typically counter by questioning the motives of Asian critics arguing that Asian leaders are merely trying to rationalize human rights violations and authoritarian rule In this book written as a dialogue between an American democrat named Demo and three East Asian critics Daniel A Bell attempts to chart a middle ground between the extremes of the international debate on human rights and democracy Bell criticizes the use of Asian values to justify oppression but also draws on East Asian cultural traditions and contributions by contemporary intellectuals in East Asia to identify some powerful challenges to Western style liberal democracy In the first part of the book Bell makes use of colorful stories and examples to show that there is a need to take into account East Asian perspectives on human rights and democracy The second part a fictitious dialogue between Demo and Asian senior statesman Lee Kuan Yew examines the pros and cons of implementing Western style democracy in Singapore The third part of the book is an argument for an as yet unrealized Confucian political institution that justifiably differs from Western style liberal democracy This is a thought provoking defense of distinctively East Asian challenges to Western style liberal democracy that will stimulate interest and debate among students of political theory Asian studies and international human rights Half-Hearted Reform Dwight King,2003-04-30 A comprehensive analysis of the reforms in the institutions of democratic representation political parties elections and legislatures that spearheaded Indonesia's political transition **American Book Publishing Record** ,1996-05 The Changing Nature of Democracy Takashi Inoguchi,Edward Newman,John Keane,1998 This volume brings together preeminent scholars from around the world in a collection of essays that point to a changing and broadening agenda of democracy **Annual Report** Australian National University. manipulators to pursue their goals while in government and mitigating future challenges to their hold on power Why Governments and Parties Manipulate Elections provides a general theory about what drives electoral manipulation and empirically documents global patterns of manipulation *Subject Guide to Books in Print* ,1997 **Southeast Asia, 1955-1957** United States. Department of State,1989 Forthcoming Books Rose Arny,1996-06 **Electoral Integrity in Turkey** Emre Toros,2024-03-05 This book provides a unique framework to explain the causes and consequences of electoral problems in Turkey Although highly illuminating the existing studies fall short of explaining the particularities of numerous singular electoral settings This gap is especially valid for the grey zone regimes which are neither clearly democratic nor conventionally authoritarian in Turkey Establishing a historical outlook by scrutinising the elections which have taken place since the 1950s Emre Toros identifies the challenges related to electoral integrity nested at individual and institutional levels In this way this book contributes to electoral integrity literature by utilising the valuable research strategies of the existing studies proposing alternative data sources that will better understand the phenomena and most importantly employing a methodology that will suit both singular and comparative cases Congressional Record United States.
