Politics Poetics:

Politics, Poetics, Affect Stephen M. Hart, 2013-08-19 This book seeks to re-vision the life and work of the Peruvian poet César Vallejo 1892-1938. It consists of ten essays grouped into three complementary sections on Politics, Poetics, and Affect. In Part I, William Rowe draws out the latent layers of political meaning in Vallejo's pre-political work. Trilce Adam Feinstein weighs the evidence for and against the case that there was a rift between the two most important Latin American poets of the twentieth century, Vallejo and Pablo Neruda. David Bellis compares and contrasts Vallejo's Spanish Civil War poetry with that composed by Neruda and the Cuban poet Nicolás Guillén. In Part II, Dominic Moran provides a line-by-line dissection of Vallejo's favourite poem of his early period, *El palco estrecho*. Adam Sharman offers a close reading of Poem XXIII of Trilce Paloma. Yannakakis looks at the role played by the human body in Vallejo's poetics, while Michelle Clayton reviews the ways in which animals are represented in Vallejo's poetry. In Part III, Santi Zegarra discusses the influence that Vallejo's poetry has had on his film-making. Eduardo González Via reveals how he re-created Vallejo's experience of imprisonment in his novel *Vallejo en los infiernos*, while Stephen Hart compares and contrasts the two main muses of Vallejo's early poetry: his niece Otilia Vallejo Gamboa and the woman he met in Lima, Otilia Villanueva Pajares.

The Politics of Poetic Form Charles Bernstein, 1990. *The Politics of Poetic Form: Poetry and Public Policy* is a series of essays from a discussion that occurred at the New School for Social Research in New York. The discussion mines the relationship between poetic composition and political expression. Poetry's relationship to public policy typically has a questionable margin of relation. Not only does this volume posit that poetry is a dynamic medium for the consideration of political ideas, it focuses on the ideological weight specific formal innovations bring to poetry. Some of the contributors include Bruce Andrews, Charles Bernstein, Tina Darragh, Alan Davies, Carla Harryman, Lyn Hejinian, Susan Howe, P. Inman, Jackson Mac Low, Nathaniel Mackey, Bob Perelman, Kit Robinson, Jerome Rothenberg, Ron Silliman, James Sherry, and Diane Ward.

Politics, Poetics, and Gender in Late Qing China Nanxiu Qian, 2015-05-06 In 1898, Qing dynasty emperor Guangxu ordered a series of reforms to correct the political, economic, cultural, and educational weaknesses exposed by China's defeat by Japan in the First Sino-Japanese War. The Hundred Days' Reform has received a great deal of attention from historians who have focused on the well-known male historical actors, but until now the Qing women reformers have received almost no consideration. In this book, historian Nanxiu Qian reveals the contributions of the active, optimistic, and self-sufficient women reformers of the late Qing Dynasty. Qian examines the late Qing reforms from the perspective of Xue Shaohui, a leading woman writer who openly argued against male reformers' approach that subordinated women's issues to larger national concerns, instead prioritizing women's self-improvement over national empowerment. Drawing upon intellectual and spiritual resources from the freewheeling xianyuan worthy ladies model of the Wei Jin period of Chinese

history 220 420 and the culture of women writers of late imperial China and open to Western ideas and knowledge Xue and the reform minded members of her social and intellectual networks went beyond the inherited Confucian pattern in their quest for an ideal womanhood and an ideal social order Demanding equal political and educational rights with men women reformers challenged leading male reformers purpose of achieving national wealth and power intending instead to unite women of all nations in an effort to create a just and harmonious new world

(Re)Possessing Beauty: Politics, Poetics, Change Sallie McNamara, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 Ideas of beauty permeate our lives in ways of which we are often unaware yet they are indicators of identity transgression sartorial codes and otherness While contemporary society sees the dominance of Western hegemonic ideals of beauty when comparing these to ideals in different cultures at different historical periods attention is drawn to the instability of beauty The work in this volume considers the ways individuals question respond to articulate reflect challenge modify or accept beauty within their lives to show it can be powerful destructive and transformative They show that beauty is not always what it appears and can challenge common sense preconceptions as to what is beautiful The range of topics provide an important contribution to ongoing discussions and are testament to both the diversity and complexity of debate the concept engenders across different disciplines

Photography between Poetry and Politics Hilde van Gelder, Helen Westgeest, 2008 Lieven Gevaert Series 7 Does photography have a hybrid or chameleonic character because it can be part of entirely different mixed media works of art Photography as a medium is faced with the challenge of escaping from its too frequent use as rather noncommittal and poetic visual imagery How best might photographers proceed to maintain the integrity of their art A distinguished group of art historians art theorists and specialists in contemporary photography address these issues in Photography between Poetry and Politics They suggest that by raising a critical debate on the internal workings of the artistic system itself or on broader social problems photographers might be able to transcend both political and aesthetic concerns and so revitalize their art

form and regain its autonomy *Reiner Schürmann and the Poetics of Politics* Christopher Long, 2018 Reiner Schurmann's thinking is as he himself would say riveted to a monstrous site. It remains focused on and situated between natality and mortality, the ultimate traits that condition human life. This book traces the contours of Schurmann's thinking in his magnum opus *BROKEN HEGEMONIES* in order to uncover the possibility of a politics that resists the hegemonic tendency to posit principles that set the world and our relationships with one another into violent order. Long's book follows in the footsteps of Oedipus who in abject recognition of his finitude stumbles upon the possibility of another politics with the help of his daughters at Colonus. The path toward this other collaboratively created and thus poetic politics begins with an encounter with Aristotle, a thinker whom Schurmann most frequently read as the founder of hegemonic metaphysics but whose thinking reveals itself as alive to beginnings in ways that open new possibility for human community. This return to beginnings leads in turn to Plotinus who Schurmann reads as marking the destitution of the ancient hegemony of the Parmenidean principle of the One. By bringing Schurmann's innovative and compelling reading of René Char's poem *The Shark and the Gull* into dialogue with Plotinus, we come to encounter the power of symbols to transform reality and open us to new constellations of possible community. In Plotinus, where we expected to encounter an end, we experience a new way of thinking natality in terms of what comes to language in Char as the nuptial. Having thus been awakened to the power of symbols, we are prepared to experience how in Kant, being itself comes to expression as plurivocal in a way that reveals just how pathologically delusional it is to attempt to deploy univocal principles in a plurivocal world. This opens us to what Schurmann calls the singularization to come, a formulation that gestures to a mode of comportment at home in the ravaged site between natality and mortality. This then returns us to Oedipus at Colonus but not to him alone. Rather, it points to the relationship that emerges for a time between Antigone, Ismene, and Oedipus as they navigate a way between their exile from Thebes and Oedipus's final resting place near Athens. Here, having been awakened to the power of a poetic politics, we attend to three symbolic moments of touching between Oedipus and his daughters through which we might discern something of the new possibilities a poetic politics opens for us if we settle into the ravaged site that conditions our existence together.

The Politics and Poetics of Transgression Peter Stallybrass, Allon White, 1986 Applying the insights of Mikhail Bakhtin and recent French critical theorists to the concept of hierarchies in Western society, Stallybrass and White explore the symbolic polarities of the exalted and the base. The authors compare high and low discourse in a variety of domains and discover that in every case the polarities structure and depend upon each other and in certain instances interpenetrate to produce political change. In this wide-ranging book, the authors drawing largely on Bakhtin's notion of the carnival, map out hierarchies in literary and cultural history. Looking closely at a variety of texts from the 17th to the 20th century, they find that high/low oppositions occur in four symbolic domains: psychic forms, the human body, geographic space, and social order, and are fundamental to the mechanisms of ordering in European culture. Transgressing the rules of hierarchy and order in any one of

these domains the authors assert is likely to have major consequences in the other three Unconfined by conventional disciplinary boundaries this investigation of the interplay between limits and transgressions within hierarchies will fascinate students of literary theory and English literature as well as those of intellectual and cultural history psychology and anthropology Back cover Poets, Poetics, and Politics Rolfe Humphries, 1992 Rolfe Humphries 1894 1969 in addition to being an outstanding poet left a trail as a translator teacher critic and editor But as Richard Gillman maintains in his introduction poetry was the driving force behind these other special skills and interests **Politics, Poetics, and the Pindaric Ode** Stella Purce Revard, 2009 The praise of great men politics and patronage in Italy and France Royal encomia Ronsard and his followers in France and England The political Pindaric in Commonwealth England Cowley and the Pindarique odes text and subtext Stuart apologetics Aphra Behn and John Dryden The art of the funeral Pindaric Threnody in Italy and France Melodious tears the English ode elegy The poetics of the familiar Pindaric The celebration of place the early modern city ode Poetry and Radical Politics in fin de siècle France Patrick McGuinness, 2015-05-14 Poetry and Radical Politics in fin de siècle France explores the relations between poetry and politics in France in the last decade of the nineteenth century The period covers the most important developments in modern French poetry from the post Commune climate that spawned the decadent movement through to the allegedly ivory towered aestheticism of Mallarmé and the Symbolists In terms of French politics history and culture the period was no less dramatic with the legacy of the Commune the political and financial instability that followed the anarchist campaigns the Dreyfus affair and the growth of Action française This study demonstrates the connections between the anti Symbolist reaction of the *cole romane* of 1891 in which Charles Maurras first made his name and the far right cultural politics of Action française in the early twentieth century It also redefines many of the debates about late nineteenth century French poetry by complicating the political engagement of the Symbolists in an era when the French intellectual as a national icon was being forged McGuinness insists on profound continuities between the end of the nineteenth century and the beginning of the twentieth in terms of cultural politics literary debate and poetic theory and shows how politics is to be found in unexpected ways in the least political seeming literature of the period The famous line by Péguy that everything begins in mysticism and ends in politics has an appealing sweep and grace This book has its own more modest and specific version of a similar journey it begins in Mallarmé and ends in Maurras

Byron: The Poetry of Politics and the Politics of Poetry Roderick Beaton, Christine Kenyon Jones, 2016-07-01 It is no great matter supposing that Italy could be liberated who or what is sacrificed It is a grand object the very poetry of politics Only think a free Italy Why there has been nothing like it since the days of Augustus So wrote Lord Byron in his journal in February 1821 only days before the outbreak of revolution in Greece where three years later he would die in the service of the revolutionary cause For a poet whose life and work are interlaced with action of multiple sorts surprisingly little attention has been devoted to Byron's engagement with issues of politics This volume brings together the work of eminent Byronists

from seven European countries and the USA to re assess the evidence What did Byron mean by the poetry of politics Was he in any sense a political animal Can his final fateful involvement in Greece be understood as the culmination of earlier more deeply rooted quests The first part of the book examines the implications of reading and writing as themselves political acts the second interrogates the politics inherent or implied in Byron s poems and plays the third follows the trajectory of his political engagement or non engagement from his abortive early career in the British House of Lords via the Peninsular War in Spain to his involvement in revolutionary politics abroad

Bread and Beauty: The Cultural Politics of José Carlos Mariátegui Juan E. De Castro, 2020-10-20 Influenced by anarchism and especially by the anarcho syndicalist Georges Sorel the political praxis of Peruvian activist and scholar Jos Carlos Mari tegui 1894 1930 deviated from the policies mandated by the Comintern Mari tegui saw that new subjectivities would be required to bring about a revolution that would not recreate bourgeois or fascist structures A new society he argued required a new culture Thus Mari tegui not only founded the Peruvian Socialist Party but also created Amauta a magazine that brought together the writings of the political and cultural avant gardes In the spirit of this approach Bread and Beauty not only studies the political signifi cance of cultural habits and products it also looks at the cultural underpinnings of the political proposals found in Mari tegui s writings and actions
