Poltergeists An Introduction And Examination:

Poltergeists Sacheverell Sitwell,1940 *Poltergeists* P. G. Maxwell-Stuart,2011-12-15 The story of violent ghost phenomena through the ages *Poltergeists* Sacheverell Sitwell,Edith Sitwell,2013-10 This is a new release of the original 1959 edition *The Secret History of Poltergeists and Haunted Houses* Claude Lecouteux,2012-04-26 What poltergeist accounts through the ages reveal about our own worldviews Provides a wide array of case studies from ancient Greece and Rome to medieval Europe to the modern world Explores the relationship between poltergeists and troubled adolescence Looks beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses Stories of poltergeists and their mischievous and sometimes violent actions knocking stone or chair throwing moving objects with invisible hands and slamming or opening doors are a constant through the ages What changes is how we interpret this activity For our pagan ancestors this phenomenon was caused by helper spirits whose manifestations revealed their unhappiness with a household The medieval Christian church demonized these once helpful spirits and held exorcisms to expel them from the houses they haunted which proved effective less than half the time The Age of Enlightenment cast these incidents as clever hoaxes and many still believe this today But poltergeist manifestations continue to appear and often defy attempts to debunk them as pranks What then is behind this phenomenon Exploring accounts of poltergeists from ancient Greece and Rome medieval Europe and the modern world Claude Lecouteux finds that while our interpretations of poltergeists may change the manifestations always follow a similar course and evolution He shows how modern scientific studies of poltergeist manifestations have found a strong tie between these visitations and the presence of a troubled adolescent in the house Looking beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses the author shows how these unhappy spirits serve as confirmation of the supernatural beings that share the earth with us and of our relationship with the natural and unseen world a relationship we must take care to keep in balance **Poltergeists** ,1979 Introduces the reader to poltergeist literature in the form of over 1100 references drawn from books research papers journals and magazines published between 1882 and 1975

Poltergeists Michael Clarkson,2006 A compelling examination of poltergeist phenomena At least thirty five police officers around the world in at least thirteen separate cases dating back to 1952 claim to have witnessed some form of poltergeist activity Nine of them were assaulted by what they say was a poltergeist but none was seriously injured and no one has been charged nor have the mysteries been solved definitively There are numerous cases of hauntings studied throughout the world every year many of which hold up to close scrutiny *Poltergeists* takes a look at a number of these in depth case studies An eleven year old boy inhabited by a poltergeist who causes photographs to become moving pictures and elevates a chair with a police officer sitting on it Fourteen year old Tina Resch who with her anger appears to make glasses airborne move tables and send telephones flying The Hodgson family who are terrorized by flying Lego pieces that are hot to the touch and

furniture that moves of its own accord usually in the presence of eleven year old Janet Eleven year old Virginia Campbell who seems to cause heavy furniture to move at home and desks to float at school always in twenty eight day cycles A twelve year old Kentucky boy who subconsciously moves heavy objects in the presence of two parapsychologists watching him closely for signs of trickery For his investigations Clarkson interviewed hundreds of witnesses paranormal experts psychologists professors magicians and skeptics While it may raise as many questions as it answers Poltergeists is an undeniably fascinating study of the paranormal

Principalities and Powers John Warwick Montgomery, 2018-01-27 A fascinating look at the paranormal the supernatural and the hidden things including prophecy divination poltergeist cabala extra sensory perception fairies ghosts astrology and other bizarre phenomena

Fairies Richard Sugg, 2018-06-15 Don t be fooled by Tinkerbell and her pixie dust the real fairies were dangerous In the late seventeenth century they could still scare people to death Little wonder as they were thought to be descended from the Fallen Angels and to have the power to destroy the world itself Despite their modern image as gauzy playmates fairies caused ordinary people to flee their homes out of fear to revere fairy trees and paths and to abuse or even kill infants or adults held to be fairy changelings Such beliefs along with some

remarkably detailed sightings lingered on in places well into the twentieth century Often associated with witchcraft and black magic fairies were also closely involved with reports of ghosts and poltergeists In literature and art the fairies still retained this edge of danger From the wild magic of A Midsummer Night s Dream through the dark glamour of Keats Christina Rossetti s improbably erotic poem Goblin Market or the paintings inspired by opium dreams the amoral otherness of the fairies ran side by side with the newly delicate or feminized creations of the Victorian world In the past thirty years the enduring link between fairies and nature has been robustly exploited by eco warriors and conservationists from Ireland to Iceland As changeable as changelings themselves fairies have transformed over time like no other supernatural beings And in this book Richard Sugg tells the story of how the fairies went from terror to Tink Paranormal Encounters on Britain's Roads Peter A. McCue,2018-02-19 In this detailed book Dr Peter McCue reflects on the enormous range of paranormal phenomena to have been reported along Britain s roads and examines the theory that certain areas seem to be hotspots for such occurrences such as the A75 and B721 roads in southern Scotland and the Blue Bell Hill area in Kent He delves into the sightings of apparitional vehicles encounters with colliding apparitions phantom hitch hikers out of place big cats phantom black dogs UFOs missing time strange memory gaps vehicle interferences such as mysterious breakdowns and incidents in which drivers and passengers seem to have been translocated in space or time This thorough book debates the evidence and theories in a critical but open minded way and is a welcome addition to the genre **The Journal of the American Society for Psychical Research** ,1974 List of members in v 1 6 12 **Great British Eccentrics** S. D. Tucker,2015-09-15 An entertaining guide to the most eccentric characters from British history **Journal of the American Society for Psychical Research** American Society for Psychical Research,1960 **Poltergeists** Sacheverell Sitwell,1940 The Poltergeist Phenomenon Michael Clarkson,2025-09-12 A poltergeist is defined as a disturbance or energy with bizarre physical effects of paranormal origin that suggest mischievous or destructive intent such as breaking or moving objects and loud knocks or noises The Poltergeist Phenomenon is an exciting original look at an old subject by an award winning investigative reporter The author has reviewed 75 cases and interviewed hundreds of witnesses paranormal experts law enforcement officers psychologists and skeptics to come up with eye opening results The typical poltergeist case involves a young person from a repressed home who is going through puberty He or she may have epilepsy which produces recurrent spontaneous psychokinesis a state in which gravity is temporarily suspended A respected former Princeton University scientist believes he has proven in laboratory experiments that psychokinesis exists and that poltergeist cases are probably true This rare energy may be part of a person s fight or flight system which is hardwired into everyone and can erupt in certain conditions Hauntings and Poltergeists James Houran,Rense Lange,2015-08-13 Few people can claim the distinction of experiencing first hand such occurrences as hauntings and the presence of poltergeists but countless numbers of people are fascinated by these unexplainable events Written by the world s most knowledgeable authorities in this field the

essays in this work promote a better understanding of the manifestations of and various reasons for hauntings and poltergeist phenomena. The experts come from such backgrounds as anthropology, history, philosophy, psychiatry, and sociology and provide sober yet highly readable in depth discussions of numerous ideas and rationalizations for hauntings and poltergeists from a critical and scientific perspective. Divided into three major sections: sociocultural, physical, and physiological and psychological perspectives, this work provides an overview of each perspective and also addresses the general psychology of belief in the paranormal and how that belief relates to experiences with ghosts and poltergeists.

Creatures of the Night Gregory L. Reece, 2012-02-28 Vampires and werewolves, phantoms and phantasms looming out of the fog, leaps the menacing spectre of the lycanthrope ghoul or blood crazed zombie. Intrigued by some of the most sinister yet at the same time most compelling legends of western civilization, Gregory L. Reece dusts down his stake and crucifix, loads his silver bullets and takes off into the wilds in search of answers and fresh adventures. Rummaging around in crumbling tombs and cobwebbed sarcophagi, his latest quest leads him into the haunted realm of the dead and the undead, of those carnivorous nocturnal hunters that might perhaps better be left undisturbed. Why, he asks, is our culture obsessed by the eerie and the macabre? Why, despite its horrors, does the dark side of the supernatural, its seances and ghost hunting, demonic possession and the occult call to us with such dangerous allure? Whether tracking night stalking werewolves, chanting black magic mantras with Satanists or interviewing a funereal modern day Count Dracula, Reece is determined to uncover the truth. A wry exploration of a secret and secretive subculture, *Creatures of the Night* is at the same time a bold and startling journey into a wraithlike world that has so often seemed to lie beyond the limits of rational comprehension until now.
