Kafka's Other Prague Anne Jamison, 2018-06-15

Kafka's Other Prague Writings from the Czechoslovak Republic examines Kafka's late writings from the perspective of the author's changing relationship with Czech language culture and literature the least understood facet of his meticulously researched life and work Franz Kafka was born in Prague a bilingual city in the Habsburg Empire He died a citizen of Czechoslovakia Yet Kafka was not Czech in any way he himself would have understood He could speak Czech but like many Prague Jews he was raised and educated and wrote in German Kafka critics to date have had little to say about the majority language of his native city or its minor literature as he referred to it in a 1913 journal entry Kafka's Other Prague explains why Kafka's later experience of Czech language and culture matters Bringing to light newly available archival material Anne Jamison's innovative study demonstrates how Czechoslovakia's founding and Kafka's own dramatic political professional and personal upheavals altered his relationship to this other Prague It destabilized Kafka's understanding of nationality language gender and sex and how all these issues related to his own writing Kafka's Other Prague juxtaposes Kafka's German language work with Czechoslovak Prague's language politics intellectual currents and print culture including the influence of his lover and translator the journalist Milena Jesenská and shows how this changed cultural and linguistic landscape transformed one of the great literary minds of the last century
