God broke down the many strongholds that were in his life such as believing in evolution and believing in the Roman Catholic faith After time in prison for marijuana he came to understand that Jesus wasn't just some superhero but a real Man who lived performed miracles fulfilled prophecies and perform the greatest miracle ever the resurrection from the dead Although he has no diplomas from any college he is a self made ready student of the Bible He has spent many years studying the Bible on his own and has put himself under the most sound teachers in the faith such as RC Sproul D James Kennedy Ravi Zacharias Hank Hanegraaff David Jeremiah Tony Evans and Kent Hovind to name a few Of course he credits the greatest teacher the Holy Spirit for teaching him the sound fundamentals of the faith Implementation Techniques Cornelius T. Truth the task is not to pretend to people that they are all right but to show where they have gone wrong where they have strayed from reason and logic where they have succumbed to irrationalism via emotionalism sensory empiricism faith and mysticism Wilber adopts a fully irrationalist stance when he claims that the enlightened are what he calls trans rational i e they have somehow transcended reason and logic and thus reached the zone according to Wilber where they can apprehend Absolute Reality In fact Absolute Reality insofar as it is intelligible is nothing but the expression of the Principle of Sufficient Reason and its corollary Occam's razor How do we eliminate the infinite wrong answers to existence and reach the one infallible right answer to existence It's simplicity itself The answer to existence is the simplest and most rational possible Any answer that is not rational is irrational hence false Any answer that is not the simplest is wrong because reality would never privilege complexity over simplicity Reality necessarily follows the path of least resistance the most economic path It does not know how to introduce superfluous needless and pointless complexity You will never understand the answer to existence if the answer you support is against rationalism and against rational simplicity *Madras Christian College Magazine*, 1912
