Journey to Indo-América Geneviève Dorais, 2021-08-12 The American Popular Revolutionary Alliance APRA was a Peruvian political party that played an important role in the development of the Latin American left during the first half of the 1900s In Journey to Indo América Geneviève Dorais examines how and why the anti imperialist project of APRA took root outside of Peru as well as how APRA's struggle for political survival in Peru shaped its transnational consciousness Dorais convincingly argues that APRA's history can only be understood properly within this transnational framework and through the collective efforts of transnational organization rather than through an exclusive emphasis on political figures like APRA leader Víctor Raúl Haya de la Torre Tracing circuits of exile and solidarity through Latin America the United States and Europe Dorais seeks to deepen our appreciation of APRA's ideological production through an exploration of the political context in which its project of hemispheric unity emerged This title is also available as Open Access on Cambridge Core

Haya chronicles his dramatic political odyssey as founder of the highly influential American Popular Revolutionary Alliance APRA as a political theorist whose philosophy shifted gradually from Marxism to democracy and as a seasoned opposition figure repeatedly jailed and exiled by his own government Garc a Bryce spotlights Haya s devotion to forging populism as a political style applicable on both the left and the right and to his vision of a pan Latin American political movement A great orator who addressed gatherings of thousands of Peruvians Haya fired up the Aprismo movement seeking to develop Indo America by promoting the rights of Indigenous peoples as well as laborers and women Steering his party toward the center of the political spectrum through most of the Cold War Haya was elected president in 1962 but he was blocked from assuming office by the military which played on his rumored homosexuality Even so Haya s insistence that political parties must cultivate Indigenous roots and oppose violence as a means of achieving political power has left a powerful legacy across Latin America

The Comintern and the Global South Anne Garland Mahler, Paolo Capuzzo, 2022-12-30 The Comintern and the Global South Global Designs Local Encounters studies the relations and productive tensions between the Third International intellectual histories of racial justice and anti imperialism as well as other forms of internationalism Building on extant institutional histories of the Third International it moves in new directions by focusing on the points of intersection often conflictual and short lived with anti imperialist anti racist and nationalist organizing making the Third International a site of encounter between a global political project and more local and regional contexts Due to the broad range of geographic and linguistic expertise of the contributors this book traces routes of exchange that are often elided in existing studies of the Third International The chapters address how actors from Global South contexts shaped key debates on for example the role of Black Indigenous and migrant labor the Islamic question and the peasant question which challenged Bolshevik epistemological frameworks All such questions involved political subjectivities that the Comintern tried to reductively frame within a global revolution driven by Moscow resulting in the Comintern s ultimate disintegration Nevertheless this juncture between the Comintern s global designs and its local encounters left a significant legacy that would later be reconfigured in mid century anticolonial movements
