Methodological Reflections on Women's Contribution and Influence in the History of Philosophy Sigridur Thorgeirsdottir, Ruth Edith Hagengruber, 2020-07-11 This book introduces methodological concepts aimed at including women in the canon of the history of philosophy The history of women philosophers is as long and strong as the history of philosophy and this holds true not only for the European tradition as the research of women philosophers of the past shows The phenomenon of ignoring and excluding women in 19th and 20th century views on the history of philosophy was a result of the patriarchal tradition that ostracized women in general In this book leading feminist philosophers discuss methodologies for including women thinkers in the canon and curricula of philosophy How does the recovery of women thinkers and their philosophies change our view of the past and how does a different view of the past affect us in the present Studying a richer and more pluralistic history of philosophy presents us with worlds we have never entered and have never been able to approach This book will appeal to philosophers and intellectual historians wanting to view the history of philosophy in a new light and who are in favor of an inclusive perspective on that history Reflections for Women Ruth Johnson Jay, 1981

Rahman,2011-04-19 This book is written to inspire people from all walks of life To bring love loss pain happiness empowerment and inspiration into light To share the power of words some words are a comfort to some and some words are revealing for others Words are extremely powerful and can cause so many emotions and actions This book is best discribed in this poem I keep trying to lay out all of my expressions and feelings with out trying to be too revealing and with trying to be too concealing and as I pull back each layer of skin peelings another layer appears concealing my anger love and fears blood rolling over each pain even as the needle penetrates the vein the lines are not clear but the skin is left stained And a message is sent to the brain As its trying to push back the memories The lies I created In attempt to deceive Living in the world of make believe Even though Im speaking its not truly describing the pain So I scream louder thing that you can now hear me but instead of it the words coming out clear In the air they are crisp sounds of despair heart needed to repair holding back words trying not to swear Not to ignite a fire Im not sure thats there Unsure if I should share If I could repair The damage that is done here concealed not revealed and not truly healed but Healing I pull back this layer of Skin and let You in Thick Skin Copyright 2010
