Herder, 1968 *Reflections on the philosophy of the history of mankind* Johann Gottfried von Herder, 1968 **Reflections on the Philosophy of the History of Mankind** Johann Gottfried Herder, 1968 *Reflections on the philosophy of the history of mankind, abridged and with an introd* Johann Gottfried Herder, Frank Edward Manuel, **Social Science Quotations** Robert Merton, 2018-04-27 Social Science Quotations has been prepared to meet an evident unmet need in the literature of the social sciences Writings on the lives and theories of individual social scientists abound but there has been no fully documented collection of memorable quotations from the social sciences as a whole The frequent use of quotations in scientific as well as literary writings that are mere summaries or paraphrases typically fail to capture the full force of formulations that have made quotations memorable This book of quotations invites the further reading or rereading of the original texts beyond the quotations themselves Sills and Merton draw extensively upon the writings that constitute the historical core of the social sciences and social thought those works with staying power often described as the classical texts Many quotations have been drawn from these classical texts because the quotations contain memorable ideas memorably expressed Both consequential and memorable these words have been quoted over the generations entering into the collective memory of social scientists everywhere and at times diffusing into popular thought and into the vernacular as well This book is useful to social scientists anthropologists economists

historians political scientists psychiatrists psychologists sociologists and statisticians and for all who want to learn or verify memorable formulations and phrases concerning social thought and social theories It is particularly useful for graduate students taking courses that examine the history of their discipline **The New Salmagundi Reader** Robert Boyers, Peggy Boyers, 1996-10-01 The New Salmagundi Reader comprises forty three pieces in subject categories such as the Sense of the Past Homelands Writers The Art Scene Politics and Varieties On Voluntary Servitude Michael Rosen, 2016-03-23 This book addresses a central theme in social and political theory what is the motivation behind the theory of ideology and can such a theory be defended **Practicing New Historicism** Catherine Gallagher, Stephen Greenblatt, 2020-05-21 For almost twenty years new historicism has been a highly controversial and influential force in literary and cultural studies In Practicing the New Historicism two of its most distinguished practitioners reflect on its surprisingly disparate sources and far reaching effects In lucid and jargon free prose Catherine Gallagher and Stephen Greenblatt focus on five central aspects of new historicism recurrent use of anecdotes preoccupation with the nature of representations fascination with the history of the body sharp focus on neglected details and skeptical analysis of ideology Arguing that new historicism has always been more a passionately engaged practice of questioning and analysis than an abstract theory Gallagher and Greenblatt demonstrate this practice in a series of characteristically dazzling readings of works ranging from paintings by Joos van Gent and Paolo Uccello to Hamlet and Great Expectations By juxtaposing analyses of Renaissance and nineteenth century topics the authors uncover a number of unexpected contrasts and connections between the two periods Are aspects of the dispute over the Roman Catholic doctrine of the Eucharist detectable in British political economists hostility to the potato How does Pip s isolation in Great Expectations shed light on Hamlet s doubt Offering not only an insider s view of new historicism but also a lively dialogue between a Renaissance scholar and a Victorianist Practicing the New Historicism is an illuminating and unpredictable performance by two of America s most respected literary scholars Gallagher and Greenblatt offer a brilliant introduction to new historicism In their hands difficult ideas become coherent and accessible Choice A tour de force of new literary criticism Gallagher and Greenblatt s virtuoso readings of paintings potatoes yes spuds religious ritual and novels all texts as well as essays on criticism and the significance of anecdotes are likely to take their place as model examples of the qualities of the new critical school that they lead A zesty work for those already initiated into the incestuous world of contemporary literary criticism and for those who might like to see what all the fuss is about Kirkus Reviews starred review
