Reform Judaism: a historical perspective ; essays from the Yearbook of the Central Conference of American Rabbis, 1973

The Cambridge Companion to American Judaism Dana Evan Kaplan, 2005-08-08 This volume provides readers with a comprehensive introduction to the most important and interesting historical and contemporary facets of Judaism in America. Written by twenty-four leading scholars from the fields of religious studies, American history and literature, philosophy, art history, sociology, and musicology, the book adopts an inclusive perspective on Jewish religious experience. Three initial chapters cover the development of Judaism in America from 1654 when Sephardic Jews first landed in New Amsterdam until today. Subsequent chapters include cutting-edge scholarship and original ideas while remaining accessible at an introductory level. A secondary goal of this volume is to help its readers better understand the more abstract term of religion in a Jewish context. *The Cambridge Companion to American Judaism* will be of interest not only to scholars but also to all readers interested in social and intellectual trends in the modern world. *Historical Dictionary of Judaism* Norman

Solomon, 2024-10-15 What we now call Judaism is the religion of the rabbis; it is rooted in scripture, the Hebrew Scriptures, but it is not to be identified with Old Testament theology. Judaism in its many manifestations has continued to evolve, rereading its ancient texts and extracting new meaning while addressing contemporary issues such as the status of women and attitudes to sexual orientation. History, or rather our perception of it, has changed substantially. Previously unknown documents and artefacts have surfaced while scholars have proposed far-reaching changes to the way we read and evaluate ancient texts. Nowadays we have a more nuanced understanding of how to evaluate statements in the Talmud and other rabbinic writings, and we are better able to contextualize them not only in Greco-Roman antiquity but also in the Sasanian environment in which the Babylonian Talmud was formed. *Historical Dictionary of Judaism* Fourth Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 800 cross-referenced entries on important personalities in Jewish religious history, including biblical personalities, with an emphasis on how they are understood in Jewish, Christian, and Islamic tradition. This book is an excellent access point for students, researchers, and anyone wanting to know more about Judaism. **The Jewish World In Modern Times** Abraham J. Edelheit, Hershel

Edelheit, 2019-09-10 The momentous events of modern Jewish history have led to a proliferation of books and articles on Jewish life over the last 350 years. Placing modern Jewish history into both universal and local contexts, this selected annotated bibliography organizes and categorizes the best of this vast array of written material. The authors have included all English-language books of major importance on world Jewry and on individual Jewish communities, plus books most readily available to researchers and readers, and a select number of pamphlets and articles. The resulting bibliography is also a guide to recent Jewish historiography and research methods. American Jewish Orthodoxy in Historical Perspective Jeffrey S.

Gurock, 1996 American freedom opportunity and voluntarism has created challenges to the traditional faith and practice of all religious denominations Jeffrey S Gurock's pathbreaking work on the history of Jewish Orthodoxy in America has identified and explored the many ways that one religious group responded to those challenges His model and influential studies of the American Orthodox rabbinate and synagogue have shown that attitudes favoring religious reconciliation and accommodation to the American environment were not less important than Orthodoxy's staunch resistance to that same environment His seminal work has challenged scholars to understand that Orthodoxy is composed of a spectrum of approaches and has demonstrated that merely labelling a person or institution as Orthodox is only the first step towards understanding a particular stance on the most contentious of issues American Jewish Orthodoxy in Historical Perspective brings together fifteen of Professor Gurock's most important essays with a new introduction that places his work in historiographical perspective Beginning with his now classic Resisters and Accommodators and The Orthodox Synagogue which provide the general viewpoint for what follows this collection proceeds to individual case studies that examine the ways in which Orthodox Jews understood Christian religious threats the challenges of modern Zionist ideologies the varieties of Orthodox lay behavior profiles of influential Orthodox rabbis the styles of American Orthodox synagogues and a description of one type of Orthodox day school education

The Blackwell Companion to Judaism Jacob Neusner, Alan Avery-Peck, 2008-04-15 This Companion explores the history doctrines divisions and contemporary condition of Judaism Surveys those issues most relevant to Judaic life today ethics feminism politics and constructive theology Explores the definition of Judaism and its formative history Makes sense of the diverse data of an ancient and enduring faith

Encyclopedia of American Jewish History Stephen H. Norwood, Eunice G. Pollack, 2007-08-28 Written by the most prominent scholars in American Jewish history this encyclopedia illuminates the varied experiences of America's Jews and their impact on American society and culture over three and a half centuries American Jews have profoundly shaped and been shaped by American culture Yet American history texts have largely ignored the Jewish experience The Encyclopedia of American Jewish History corrects that omission In essays and short entries written by 125 of the world's leading scholars of American Jewish history and culture this encyclopedia explores both religious and secular aspects of American Jewish life It examines the European background and immigration of American Jews and their impact on the professions and academic disciplines mass culture and the arts literature and theater and labor and radical movements It explores Zionism antisemitism responses to the Holocaust the branches of Judaism and Jews relations with other groups including Christians Muslims and African Americans The encyclopedia covers the Jewish press and education Jewish organizations and Jews participation in America's wars In two comprehensive volumes Encyclopedia of American Jewish History makes 350 years of American Jewish experience accessible to scholars all levels of students and the reading public

New Perspectives in American Jewish History Mark A. Raider, Gary Phillip Zola, 2022-01-03 New Perspectives in American Jewish History A Documentary Tribute to Jonathan D

Sarna compiled by Sarna's former students presents heretofore unpublished neglected and rarely seen historical records documents and images that illuminate the heterogeneity breadth diversity and colorful dynamism of the American Jewish experience
