The Christ's Faith Michael Allen, 2011-11-03 The Christ's Faith coheres with orthodox Christology and Reformation soteriology and needs to be affirmed to properly confirm the true humanity of the incarnate Son Without addressing the interpretation of the Pauline phrase *pistis christou* this study offers a theological rationale for an exegetical possibility and enriches a dogmatic account of the humanity of the Christ The coherence of the Christ's faith is shown in two ways First the objection of Thomas Aquinas is refuted by demonstrating that faith is fitting for the incarnate Son Second a theological ontology is offered which affirms divine perfection and transcendence in qualitative fashion undergirding a Chalcedonian and Reformed Christology Thus the humanity of the Christ may be construed as a fallen human nature assumed by the person of the Word and sanctified by the Holy Spirit The dogmatic location of The Christ's Faith is sketched by suggesting its potential function within three influential theological systems Thomas Aquinas federal theology and Karl Barth Furthermore the soteriological role of the doctrine is demonstrated by showing the theological necessity of faith for valid obedience before God

Underground Protestantism in Sixteenth Century Spain Frances Luttikhuisen, 2016-12-05 Frances Luttikhuisen chronicles the arrival reception and suppression of Protestant thought in sixteenth century Spain referred to at that time as Lutheranism It opens with several chapters

describing the socio political religious context that prevailed in Spain at the beginning of the sixteenth century and the growing trend to use the vernacular for parts of the Mass as well as for catechizing the populace Special attention is given to the forerunners that is the early alumbrado deixados the role of Cardinal Cisneros and the impact of Erasmus and Juan de Valdes etc The use of archival material provides new details regarding the historical framework and the spread of evangelical thought in sixteenth century Spain These dispatches and trial records greatly enrich the main body of the work which deals with the arrival and confiscation of evangelical literature the attitude of Charles V and Philip II towards religious dissidents and the severe persecution of the underground evangelical circles at Seville and Valladolid Special attention is given to the many women involved in the movement The recurrent mention of the discovery and confiscation of prohibited literature shows how books played an important role in the development of the movements The final chapters focus on the exiles and their contributions the persecution of foreigners and the years up to the abolition of the Inquisition The work concludes with the efforts made in the nineteenth century to rediscover the history of the persecuted sixteenth century Spanish Protestants and their writings

French Calvinism in the Sixteenth Century Stephen M. Davis, Martin Klauber, 2025-09-11 This book introduces readers to well known and lesser known individuals of the French Reformation and shows how God used kings queens statesmen and theologians in the sixteenth century to call France back to the apostolic tradition These fifteen biographies are selective and seek to cover the period from the beginning of the Reformation in early sixteenth century France to the Edict of Nantes in 1598 under Henri IV Many of these individuals were contemporaries whose lives were intertwined in the same events Most of them were Reformed Protestants who identified with the teachings of Calvin Others such as Marguerite de Navarre Jacques Lefvre d' taples Louis de Berquin and Michel de L Hospital embraced evangelical teaching desired reform and repudiated aspects of Roman Catholic doctrine and practice but sought the reformation of the Catholic Church from within These people were saints in the biblical sense that God set them apart for salvation They were not always saintly in their decisions and actions These biographies provide not only information but also stimulate reflection on their lives with their faith and failures

Earth Shadows on the Sky H. A. Hopgood, 2021-09-24 Misconceptions about God's sovereignty arise from wrong views of God's nature Through a careful comparison of the writings of Charles Chauncy 1705-87 and John Gill 1697-1771 with the development of the ecumenical creeds this book helps to resolve such misunderstandings by detecting and correcting human centered reasoning in the doctrines of the Trinity and salvation Drawing on both ancient Christian writings and Reformation era teachings *Earth Shadows on the Sky* The Holy Trinity Divine Sovereignty and Humanistic Philosophy offers an innovative approach to questions about God's sovereignty
