Refugees And Gender:

Gender in Refugee Law Efrat Arbel, Catherine Dauvergne, Jenni Millbank, 2014-04-16 Questions of gender have strongly influenced the development of international refugee law over the last few decades This volume assesses the progress toward appropriate recognition of gender related persecution in refugee law It documents the advances made following intense advocacy around the world in the 1990s and evaluates the extent to which gender has been successfully integrated into refugee law Evaluating the research and advocacy agendas for gender in refugee law ten years beyond the 2002 UNHCR Gender Guidelines the book investigates the current status of gender in refugee law It examines gender related persecution claims of both women and men including those based on sexual orientation and gender identity and explores how the development of an anti refugee agenda in many Western states exponentially increases vulnerability for refugees making gendered claims The volume includes contributions from scholars and members of the advocacy community that allow the book to examine conceptual and doctrinal themes arising at the intersection of gender and refugee law and specific case studies across major Western refugee receiving nations The book will be of great interest and value to researchers and students of asylum and immigration law international politics and gender studies *Refugee Women* Leah

Bassel, 2012-05-31 Debates over the headscarf and niqab so called sharia tribunals Female Genital Operations and forced marriages have raged in Europe and North America in recent years raising the question does accommodating Islam violate women s rights The book takes issue with the terms of this debate It contrasts debates in France over the headscarf and in Canada over religious arbitration with the lived experience of a specific group of Muslim women Somali refugee women The challenges these women eloquently describe first hand demonstrate that the fray over accommodating culture and religion neglects other needs and engenders a democratic deficit In *Refugee Women Beyond Gender versus Culture* new theoretical perspectives recast both the story told and who tells the tale By focusing on the politics underlying how these debates are framed and the experiences of women at the heart of these controversies women are considered first and foremost as democratic agents rather than actors in the culture versus gender script Crucially the institutions and processes created to address women s needs are critically assessed from this perspective Breaking from scholarship that focuses on whether the accommodation of culture and religion harms women Bassel argues that this debate ignores the realities of the women at its heart In these debates Muslim women are constructed as silent victims Bassel pleads compellingly for a consideration of women in all their complexity as active participants in democratic life The book will appeal to students and scholars throughout the social sciences particularly of sociology political science and women s studies **Refugees and Gender**

Heaven Crawley, 2001 *Refugees and Gender Law and Process* examines how those representing asylum seekers can ensure that all gender related aspects of an asylum claim are considered and appropriately reflected in the determination process The book aims to provide a comprehensive understanding of the concepts of gender related persecution as well as a

Human Rights and Gender Equality for Refugee Women* Eileen Pittaway,Linda Albina Bartolomei,2022-11-29 This book charts the roller coaster ride taken by the authors over the past 33 years in the ongoing fight to acknowledge prevent and respond to the rape and sexual abuse of women in conflict and displacement situations They have worked with an international network of academics refugee women and human rights activists in 22 countries The story moves between refugee camps and the United Nations refugee settlements in cities and national governments Theory and ethical research methods are an important part of the story At times it is very confronting sometimes amusing and often uplifting **Research Handbook on Migration, Gender, and COVID-19** Marie McAuliffe,Céline Bauloz,2024-01-18 Drawing together the latest research on migration gender and COVID 19 this erudite Research Handbook contributes to a better understanding of the immediate and longer
