

RELIGION IN AMERICA

1950 to the Present

Text, tables, and maps
explaining the religious situation
of the last quarter century and
its likely future course

Jackson W. Carroll, Douglas W. Johnson
and Martin E. Marty

Afterword by George Gallup, Jr.

Religion In America 1950 To The Present

Tanya Storch

Religion In America 1950 To The Present:

Religion in America, 1950 to the Present Jackson W. Carroll, Douglas W. Johnson, Martin E. Marty, 1979 **The Politics of Virtue** Elizabeth Mensch, Alan Freeman, 1993 Fiercely committed to the separation of church and state thoroughly pluralistic largely secular Where does a society like ours find common terms for conducting a moral debate In view of the crises surrounding the issue of abortion it is tempting to answer nowhere In this timely and provocative book Elizabeth Mensch and Alan Freeman urge that we challenge the extremes of both the pro life and pro choice views of the abortion issue and affirm the moral integrity of compromise Attempting to restore a level of complexity to the discussion and to enrich public debate so that we may move beyond our current impasse the authors argue that it is essential to understand how issues of legal rights and theological concerns interact in American public debate Returning to the years leading up to Roe v Wade Mensch and Freeman detail the role of religion and its relationship to the emerging politics of abortion Discussing primarily the natural law tradition associated with Catholicism and the Protestant ethical tradition the authors focus most sharply on the 1960s in which the present terms of the abortion debate were set In a skillful analysis they identify a variety of factors that directed and shaped the debate including among others the haunting legacy of Nazism the moral challenge of the civil rights movement the God is dead discourse school prayer and Bible reading Harvey Cox's *The Secular City* the Berrigans and Vietnam the animal rights movement and the movement of the church going population away from mainstream Protestant tradition toward evangelical fundamentalism By criticizing the rhetoric employed by both the pro choice and pro life camps Mensch and Freeman reveal the extent to which forces on either side of the issue have failed to respond to relevant concerns Since Roe v Wade the authors charge public debate has seemed to concede the moral high ground to the pro life position while the pro choice rhetoric has appeared to defend an individual's legal right to do moral wrong Originally published as a special issue of *The Georgia Law Review* Spring 1991 this revised and expanded edition will be welcomed by all those frustrated by the impasse of debates so central to our nation's moral life *The Blackwell Companion to Religion in America* Philip Goff, 2010-03-25 This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons Explores topics ranging from religion and the media immigration and piety though to politics and social reform Considers how American religion has influenced and been interpreted in literature and popular culture Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment **Religion and the American Experience: A Social and Cultural History, 1765-1996** Donald C. Swift, 2016-12-05 Religion in the USA manifests itself in many forms and

this book examines them from religion in the early republic to early African American religion reform nativism movements and fundamentalism up to the contemporary culture wars in a study that spans almost 250 years **A History of Christianity in America** Mark A. Granquist, 2025-03-11 The story of Christianity in America is a fascinating one marked by constant change development and innovation The faith has shaped the country even as the country has shaped it Award winning historian Mark Granquist has written an up to date telling of this story from the arrival of Europeans to the present day While the twists and turns are complex varied and at times confusing Granquist has identified several consistent threads that weave their way through the various branches and periods of American Christianity voluntary religion pluralism and an innovative religious marketplace The account is comprehensive without being overwhelming And it is presented in a clear and compelling narrative sure to capture and hold readers interest This book is therefore ideal for use in semester long classes in undergraduate or graduate programs and appealing for general readers The main text is accompanied by illustrative elements including sidebars images maps and timelines **A History of Christianity in the United States and Canada** Mark A. Noll, 1992-08-11 Author Mark Noll presents the unfolding drama of American Christianity with accuracy and skill from the first European settlements to ecumenism in the late 20th Century This work has become a standard in the field of North American religious history **American Evangelicals and Religious Diversity** Kevin M. Taylor, 2006-05-01 American Evangelicals and Religious Diversity is a qualitative study of how religion and education intersect at one conservative Christian school The school is Evangelical and American The school s curriculum is bible based and fulfills its state s educational requirements for high school graduation While the school has an environment that is Evangelical the students live in a religiously diverse world This book documents how three students and their teacher struggle to understand a world that challenges their faith The context for this understanding is how the teacher presents and the three students come to understand Catholicism Islam and the indigenous religions of the Americas Americans continue to debate whether religious schools are too parochial and do not prepare students to live a diverse society **The Changing World Religion Map** Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind s eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion

business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

Religions and Missionaries around the Pacific, 1500-1900 Tanya Storch, 2017-05-15 This volume takes an interdisciplinary approach to the study of religious cultural exchanges around the Pacific in the period 1500 1900 relating these to economic and political developments and to the expansion of communication across the area It brings together twenty two pieces from diaries of religious exiles and missionary field observations to studies from a variety of academic disciplines so enabling a multitude of voices to be heard The articles are grouped in sections dealing with the Islamic period the Iberian Catholic period the Jewish diaspora the Russian Orthodox church the epoch of Protestant culture and finally Asian immigrant religions in the West a substantial introduction contextualizes these chapters in terms of both historical and contemporary approaches

Religion in Society Ronald Johnstone, 2015-11-17 For junior senior level courses in Religion and Society in departments of Sociology and Religious Studies Using an unbiased balanced approach the 8th edition of this text puts religion in its social context by discussing the impact of society on religion and helps students understand the role and function of religion in society that occur regardless of anyone s claims about the truth or falsity of religious systems
