Religion in England, 1558-1662 H. G. Alexander, 1968 Religion in England, 1558-1662 Henry Gavin Alexander, 1980 **AQA A-level History: The Tudors: England 1485-1603** David Ferriby, Angela Anderson, P A Imperato, 2015-07-31 Exam Board AQA Level AS A level Subject History First Teaching September 2015 First Exam June 2016 AQA approved Enhance and expand your students knowledge and understanding of their AQA breadth study through expert narrative progressive skills development and bespoke essays from leading historians on key debates Builds students understanding of the events and issues of the period with authoritative well researched narrative that covers the specification content Introduces the key concepts of change continuity cause and consequence encouraging students to make comparisons across time as they advance through the course Improves students skills in tackling interpretation questions and essay writing by providing clear guidance and practice activities Boosts students interpretative skills and interest in history through extended reading opportunities consisting of specially commissioned essays from practising historians on relevant debates Cements understanding of the broad issues underpinning the period with overviews of the key questions end of chapter summaries and diagrams that double up as handy revision aids The Tudors England 1485 1603 A revised edition of Access to History An Introduction to Tudor England 1485 1603 this title explores the consolidation of the Tudor Dynasty under Henry VII and Henry VIII the years of instability and religious turmoil in the mid Tudor period and the period of relative stability during Elizabeth I s reign It considers breadth issues of change continuity cause and consequence in this period through examining key questions on themes such as power religion opposition relations with foreign powers and the impact of key individuals **Enamoured With Piety** Yarran Johnston, 2020-10-26 Being released in the 400th anniversary of his birth Enamoured with Piety by Dr Yarran Johnston offers an insight into the life and ministry of the Puritan Thomas Watson Johnston traces the pervading theme of godliness in Watson s thoughts and writings making the case that Watson represents English Puritanism in its mature phase specifically in its understanding of godliness as a proper regard for God

Religion in England 1558-1662 Horace G. Alexander, 1968 Englishmen Transplanted Larry Dale Gragg, 2003 Larry Gragg challenges the prevailing view of the seventeenth century English planters of Barbados as architects of a social disaster Most historians have described them as profligate and immoral as grasping capitalists who exploited their servants and slaves in a quest for quick riches in the cultivation of sugar Yet they were more than rapacious entrepreneurs Like English emigrants to other regions in the empire sugar planters transplanted many familiar governmental and legal institutions eagerly started families abided traditional views about the social order and resisted compromises in their diet apparel and housing despite their tropical setting Seldom becoming absentee planters these Englishmen developed an extraordinary attraction to Barbados where they saw themselves as one group of planters explained in a petition as being Englishmen transplanted **Persecution and Toleration in Protestant England 1558-1689** John Coffey, 2014-06-11 This

fascinating work is the first overview of its subject to be published in over half a century. The issues it deals with are key to early modern political, religious, and cultural history. The seventeenth century is traditionally regarded as a period of expanding and extended liberalism when superstition and received truth were overthrown. The book questions how far England moved towards becoming a liberal society at that time and whether or not the end of the century crowned a period of progress or if one set of intolerant orthodoxies had simply been replaced by another. The book examines what toleration means now and meant then, explaining why some early modern thinkers supported persecution and how a growing number came to advocate toleration. Introduced with a survey of concepts and theory, the book then studies the practice of toleration at the time of Elizabeth I and the Stuarts, the Puritan Revolution, and the Restoration. The seventeenth century emerges as a turning point after which, for the first time, a good Christian society also had to be a tolerant one. *Persecution and Toleration* is a critical addition to the study of early modern Britain and to religious and political history. — *Godliness and Governance in Tudor Colchester*, Laquita M. Higgs, 1998. The Tudor period was a time of extremes when Henry VIII beheaded wives and Queen Mary executed non-Catholics. With the ascension of Protestant Elizabeth I to the throne, the borough of Colchester breathed relief and set about to establish a Godly society. Historian Laquita M. Higgs shows that Colchester provided one of the earliest illustrations of both the workings and tensions of Puritan town governance. — *The National Union Catalogs*, 1963–1964. — *Catholic Nobles and the Elizabethan State, 1558–1588*, Wilfred Hammond, 2025-04-15. A vivid exploration of how Catholicism endured far longer into the Elizabethan era and continued to shape the very identity of early modern England. This compelling study delves into the complexities of religious and political power during Elizabeth I's reign, presenting a further important challenge to the traditional narratives of a swift and uncontested Protestant triumph. Here Wilfred Hammond explores why Catholic aristocrats, despite wielding significant regional power and Court influence, failed to block or reverse the emerging religious revolution. Focusing on the Stanley earls of Derby, the dominant noble family in Lancashire, a county described by the Elizabethan government as the very sink of popery, the author reconstructs their role in obstructing Protestant reform. Using the State and Cecil Papers, as well as foreign ambassadorial reports, the study re-evaluates the Stuart party-building efforts of Lady Margaret Douglas and Mary Queen of Scots. Hammond re-examines the context of the papal bull of deposition and uncovers the Stanley-Gerard conspiracy of 1570 with its links to the Ridolfi Plot. This richly detailed analysis of the Stanleys positions them at the heart of a network of nobles, including the Percies and Nevilles, who were opposed to the religious change presented by Protestantism. As such, this vibrant case study unfolds to offer fresh insights into the slow, fraught transformation of England's religious landscape during one of its most turbulent periods. — *A Bull of Deposition and Uncovers the Stanley-Gerard Conspiracy of 1570 with its Links to the Ridolfi Plot*. This richly detailed analysis of the Stanleys positions them at the heart of a network of nobles, including the Percies and Nevilles, who were opposed to the religious change presented by Protestantism. As such, this vibrant case study unfolds to offer fresh
