The Foremost Problems of Contemporary Dogmatics Herman Bavinck, 2025-02-12 Herman Bavinck on the challenges theologians face Herman Bavinck's counsel to theologians A unique window into Bavinck's thought An overlooked work from a key Neo Calvinist thinker In *The Foremost Problems of Contemporary Dogmatics* Herman Bavinck identifies the primary challenges confronting Protestant theologians in the early twentieth century Since the main difficulties do not concern specific heads of doctrine but arise in theological method Bavinck's focus narrows to the act of faith Bavinck demonstrates the necessity of viewing faith as knowledge rather than mere trust recounting the development of doctrine from the biblical authors through the dawn of the twentieth century This book provides a unique window into Bavinck's thought as he speaks candidly about the limitations and failures of Reformed theology and the relative merits of modern thinkers *The Foremost Problems of Contemporary Dogmatics* was a series of lectures delivered at the Free University shortly after Bavinck moved to Amsterdam in 1902 Edited and translated by Gert de Kok and Bruce R Pass these previously unpublished lectures are available for the first time in English

I Judge No One David Lloyd Dusenbury, 2023-01-01 Why was Jesus who said I judge no one put to death for a political crime Of course this is a historical question but it is not only historical Jesus's life became a philosophical theme in the first centuries of our era when pagan and Christian

philosophers clashed over the meaning of his sayings and the significance of his death Modern philosophers too such as Immanuel Kant and Friedrich Nietzsche have tried to retrace the arc of Jesus's life and death I Judge No One is a philosophical reading of the four memoirs or gospels that were fashioned by early Christ believers and collected in the New Testament It offers original ways of seeing a deeply enigmatic figure who calls himself the Son of Man David Lloyd Dusenbury suggests that Jesus offered his contemporaries a scandalous double claim First that human judgements are pervasive and deceptive and second that even divine laws can only be fulfilled in the human experience of love Though his life led inexorably to a grim political death what Jesus's sayings revealed and still reveal is that our highest desires lie beyond the political

The Wild Region in Life-History Laszlo Tengelyi, 2004-04-29 A critique of and alternative to pure narrative approaches to life history offered by a distinguished Hungarian philosopher

Schelling on Truth and Person Nikolaj Zunic, 2022-08-09 Positive philosophy is the name that Friedrich Schelling 1775-1854 gave to a new type of philosophizing that stands in contrast to the so called negative philosophy that is predominant in modern rationalism But what exactly is positive philosophy Schelling on Truth and Person The Meaning of Positive Philosophy argues that its meaning lies in a distinctive view of the human person as a seeker of truth Truth is presented as historically woven in the movement of life with the phenomena of mythology and religion that reveal the human being's falling away from and return to the truth Nikolaj Zunic demonstrates that this novel understanding of truth accompanies the development and expression of positive philosophy itself The anthropological dimension of truth relates to self knowledge the soul spirit and personality and Schelling's positive philosophy sheds light on the grand themes of the meaning of life the ontological question why is there something rather than nothing the enigma of knowledge and reason and the affirmation of the existence of God This book will appeal to students and scholars interested in Schelling's late philosophy as well as broader questions in philosophy concerning meaning truth human nature and rationality

Christianity and the Notion of Nothingness Kazuo MUTO, 2012-03-19 This publication by Muto Kazuo is a significant Christian contribution to the predominantly Buddhist Kyoto School of Philosophy Muto proposes a philosophy of religion in order to overcome the claim for Christian exclusivity as proposed by Karl Barth and others On such a foundation he investigates the possibilities for mutual understanding between Buddhism and Christianity Thereby he engages in a critical exchange with the Kyoto School philosophers Nishida Tanabe and Nishitani Throughout his discourse Muto applies their method of logical argument the dialectic of soku to the dialogue between Christianity and Buddhism He thus opens up new perceptions of Christian faith in the Asian context and together with his Buddhist teachers challenges the modern Western dialectical method of reasoning

Reconsidering Evil Petruschka Schaafsma, 2006 The notion of evil is not undisputed in contemporary philosophy and theology The reasons for this vary from aversion to the use of a vague comprehensive term like evil to hesitation at the suggestion of an uncontrollable non human power of force that seems to cling to the idea of evil On the other hand in popular discourse speaking of evil

prevails one almost keeps stumbling over allusions to it. However such language often seems to be incidental and not a natural part of a whole way of thinking. Thus the present situation demands a regauging of the notion of evil. Reconsidering Evil attempts this regauging by comparing the nature and status of the theme of evil in four different approaches. Paul Ricoeur's approach via symbols and myths of evil provides a focus that enables an analysis and comparison of the highly reflective views of Immanuel Kant, Karl Jaspers and Karl Barth who represent an ethical tragic and a non-theodicean theological view respectively. This book sets out to determine whether one can claim that speaking of evil is most at home in a specific way of thinking. In the final chapter the notion of the end of evil turns out to be very important for understanding the specific character of a religious view of evil. In comparison with Kant's ethical view and Jaspers' tragic one the broadest or richest understanding of evil is to be found in a religious context. However the comparison of the different approaches also shows the possible dangers of this religious view. Thus by means of an in-depth analysis and comparison of these thinkers the relevance of the theme of evil for present-day philosophy of religion is critically examined.
