Religion Kultur Gesellschaft:

Religion, Kultur, Gesellschaft Paul Tillich, 1999 Religious Internationalism Matthew Lon Weaver, 2010 Religious Internationalism assembles and assesses for the first time the ethics of war and peace in the writings of Paul Tillich. It sketches the evolution of Tillich's thought from the period of his service in the German Imperial Army through the time of the Cold War. The work begins by analyzing Tillich's theological roots and his World War I chaplaincy sermons as the starting point for his thoughts on power and nationalism. Then Religious Internationalism looks to his postwar turn to socialist thought and his participation in religious socialism fueling his cultural analyses and culminating in his forced emigration under Hitler. Next it probes the American interwar period giving special attention to Tillich's self-described boundary perspective as well as the one treatise he wrote on religion and international affairs. The book also examines his Voice of America speeches written and broadcast into his former homeland during World War II. Weaver next considers Tillich's message to his English-speaking audience of that period emphasizing social and world reconstruction. The discussion continues by examining his vision of a path toward personhood in a bipolar world. Finally the book constructs Tillich's ethics of war and peace as an ethic of religious internationalism suggesting adjustments intended to give it more universal significance. The study concludes that Tillich's thought has provocative contributions to make to debates regarding civilizational conflict, economics and international justice, trade and globalization, the defense of unprotected minorities and immigration policy. Book jacket

Religion, Kultur, Gesellschaft Paul Tillich, 1999 **Pastor Tillich** Samuel Andrew Shearn, 2022 Pastor Tillich The Justification of the Doubter tells the story of Paul Tillich's early theological development from his student days until the end of the First World War set against the backdrop of church politics in Wilhelmine Germany and with particular reference to his early sermons. The majority of scholarship understands Tillich primarily as a philosophical theologian. But before and during the First World War Tillich was Pastor Tillich studying to become a pastor leading a Christian student group working periodically as a pastor in Berlin churches and preaching to soldiers. Arriving in Berlin after the war Tillich pursued religious socialism and a theology of culture through the 1920s. But the theological basis of these programmes was what Tillich considered his main concern in 1919: the theology of doubt. Using a wealth of untranslated German sources largely unknown to English language scholarship Pastor Tillich presents the stations of Tillich's theological development: of the notion of the justification of the doubter up to 1919. Distinguishing between Tillich's later autobiographical statements and the witness of archival sources a significantly original contextualised account of Tillich's early life in Germany emerges. From his days as the conservative son of a conservative Lutheran pastor to the battle-worn chaplain who could even talk about faith without God Tillich underwent considerable change. The book should therefore speak to any interested in the history of modern theology as an example of how biography and theology are intertwined.
