Shoup, 2011-10-17 This encyclopedia is an essential guide to the different ethno linguistic groups in Africa and today's complicated Middle East region. *Ethnic Groups of Africa and the Middle East* contains encyclopedic entries arranged alphabetically within ethno linguistic classifications. Each entry has four main sections: an introduction identifying the language group where they are found and their numbers; a brief discussion of their origins and early history; a section on cultural life that includes religion, literature, social organization, and art; and a final section on political organization and recent history. The contents are appropriate for high school and undergraduate students as well as for experts who need a refresher on groups in Africa and the Middle East. While certain ethnic groups have been combined into a single entry, some such as the Tuareg who are a Berber people are described within their own entries because of their importance in history or cultural domination. *Ethnic Identity and the State in Iran* A. Saleh, 2013-07-17 While the Islamic Republic has employed various strategies to mitigate the worst excesses of inter ethnic tension while still securing a Shi'a dominated Persian hegemony, the systematic neglect of ethnic groups by both the Islamic Republic and its predecessor regime has resulted in the politicization of ethnic identity in Iran.
