Religion and the Sciences of Life William McDougall, 1932 **Religion and the Sciences of Life** William McDougall, William Mac Dougall, 1934 **Religion and the Sciences of Life** William McDougall, 1954 **Religion and Science as Forms of Life** Carles Salazar, Joan Bestard, 2015-01-01 The relationships between science and religion are about to enter a new phase in our contemporary world as scientific knowledge has become increasingly relevant in ordinary life beyond the institutional public spaces where it traditionally developed The purpose of this volume is to analyze the relationships possible articulations and contradictions between religion and science as forms of life ways of engaging human experience that originate in particular social and cultural formations Contributions use this theoretical and ethnographic research to explore different scientific and religious cultures in the contemporary world **Understanding Theories of Religion** Ivan Strenski, 2015-02-10 Featuring comprehensive updates and additions the second edition of Understanding Theories of Religion explores the development of major theories of religion through the works of classic and contemporary figures A new edition of this introductory text exploring the core methods and theorists in religion spanning the sixteenth century through to the latest theoretical trends Features an entirely new section covering religion and postmodernism race sex and gender and religion and postcolonialism Examines the development of religious theories through the work of classic and contemporary figures from the history of anthropology sociology psychology philosophy and theology Reveals how the study of religion evolved in response to great cultural conflicts and major historical events Student friendly features include chapter introductions and summaries biographical vignettes a timeline a glossary and many other learning aids **Rocks of Ages** Stephen Jay Gould, 2011-07-20 People of good will wish to see science and religion at peace I do not see how science and religion could be unified or even synthesized under any common scheme of explanation or analysis but I also do not understand why the two enterprises should experience any conflict So states internationally renowned evolutionist and bestselling author Stephen Jay Gould in the simple yet profound thesis of his brilliant new book Writing with bracing intelligence and elegant clarity Gould sheds new light on a dilemma that has plagued thinking people since the Renaissance Instead of choosing between science and religion Gould asks why not opt for a golden mean that accords dignity and distinction to each realm At the heart of Gould's penetrating argument is a lucid contemporary principle he calls NOMA for nonoverlapping magisteria a blessedly simple and entirely conventional resolution that allows science and religion to coexist peacefully in a position of respectful noninterference Science defines the natural world religion our moral world in recognition of their separate spheres of influence In elaborating and exploring this thought provoking concept Gould delves into the history of science sketching affecting portraits of scientists and moral leaders wrestling with matters of faith and reason Stories of seminal figures such as Galileo Darwin and Thomas Henry Huxley make vivid his argument that individuals and cultures must cultivate both a life of the spirit and a life of rational inquiry in order to experience the fullness of being

human In his bestselling books *Wonderful Life* *The Mismeasure of Man* and *Questioning the Millennium* Gould has written on the abundance of marvels in human history and the natural world In *Rocks of Ages* Gould's passionate humanism ethical discernment and erudition are fused to create a dazzling gem of contemporary cultural philosophy As the world's preeminent Darwinian theorist writes I believe with all my heart in a respectful even loving concordat between science and religion

Essays on Religion, Science, and Society Herman Bavinck, 2008-06-01 Herman Bavinck the premier theologian of the Kuiper inspired neo Calvinistic revival in the late nineteenth century Netherlands is an important voice in the development of Protestant theology *Essays on Religion Science and Society* is the capstone of his distinguished career These seminal essays offer an outworking of Bavinck's systematic theology as presented in his *Reformed Dogmatics* and engage enduring issues from a biblical and theological perspective The work presents his mature reflections on issues relating to ethics education politics psychology natural science and evolution aesthetics and philosophy of religion This collection Bavinck's most significant remaining untranslated work is now available in English for the first time Pastors students and scholars of Reformed theology will value this work *The Relation Between Religion and Science* Angus Stewart Woodburne, 1920

Religion in Life and Society Michael Keene, 2002-08-31 This textbook covers the GCSE Religious Studies course for EDEXCEL A Religion in Life and Religion in Society *Life and Religion* Friedrich Max Müller, 1995 Muller was the most respected religious authority of his time He translated *The Upanishads* and edited a massive collection of work called *The Sacred Books of the East* Compiled in this volume is the most important quotes and excerpts from his life's work Covers most religions including Christianity but does not attempt to promote any one religious agenda he simply advises us about life in a spiritual sense He understood the human soul and knew how to put one in touch with it through words Compiled by his wife Georgina shortly after his passing and first published in 1905 Filled with more wisdom than you could find most anywhere a rare and special work brought back
