Religion In The Liberal Polity:

Free Exercise of Religion in the Liberal Polity Emily R. Gill, 2019-08-21 This book addresses the challenge of providing for the free exercise of religion without allowing religious exercise by some individuals and groups to impinge upon the conscientious convictions of others State neutrality toward religion is impossible because neutrality means inattention to religion for some but leveling the playing field through accommodations or exemptions for others Both formal and substantive neutrality have a place in addressing particular conflicts One such example is public funding for religiously affiliated social service programs for which neither type of neutrality is satisfactory and thus some restrictions are justifiable conversely private voluntary organizations that do not receive direct public funding should be allowed wide latitude regarding their practices This title also examines the expansive free exercise claims that are now made by those who argue that following the law impinges upon their beliefs as exemplified by the ministerial exception and the Hobby Lobby and Masterpiece Cakeshop Supreme Court cases It concludes by analyzing the relationship between neutrality and marriage as a civil status which impacts a variety of commitment types and plural marriage *Religion in the Liberal Polity* Terence Cuneo, 2005 A collection of essays on the subject of religion public discourse and modern liberal democracy The essays are divided into two sections including a number of well known contributors 1 Foundations Rights and Authorities 2 Religious Reasons and Virtuous Conduct *Liberal Politics and Public Faith* Kevin Vallier, 2014-06-13 In the eyes of many liberalism requires the aggressive secularization of social institutions especially public media and public schools The unfortunate result is that many Americans have become alienated from the liberal tradition because they believe it threatens their most sacred forms of life This was not always the case in American history the relation between liberalism and religion has often been one of mutual respect and support In *Liberal Politics and Public Faith Beyond Separation* Kevin Vallier attempts to reestablish mutual respect by developing a liberal political theory that avoids the standard liberal hostility to religious voices in public life He claims that the dominant form of academic liberalism public reason liberalism is far friendlier to religious influences in public life than either its proponents or detractors suppose The best interpretation of public reason convergence liberalism rejects the much derided privatization of religious belief instead viewing religious contributions to politics as a resource for liberal political institutions Many books reject privatization *Liberal Politics and Public Faith Beyond Separation* is unique in doing so on liberal grounds *Classical Liberalism* D. Conway, 1998-10-05 This text defends the ideal of minimum government against the charges put forward by egalitarian welfare liberals communitarians and conservatives arguing it best advances human well being **Religious Conviction in Liberal Politics** Christopher J. Eberle, 2002-05-02 What role should a citizen's religious convictions play in her political activities Is she for example permitted to decide on the basis of her religious convictions to support laws that criminalize abortion or discourage homosexual relations Christopher Eberle is deeply at odds with the dominant orthodoxy among political theorists about the relation of religion and politics His argument

is that a citizen may responsibly ground her political commitments on religious beliefs even if her only reasons for her political commitments are religious in nature His ideal of citizenship allows citizens to engage in politics without privatizing their religious commitments and yet does not license mindless and intransigent sectarianism An inherently controversial book that offers a substantial challenge to political liberalism it will be read by students and professionals in philosophy political science law and religious studies and general readers seeking insight into the relationship between religious commitments and liberal politics

A Greener Faith Roger S. Gottlieb, 2009-10 world making political agenda that far exceeds interest group politics applied to forests and toxic incinerators Rather religious environmentalism offers an all inclusive vision of what human beings are and how we should treat each other and the rest of life Gottlieb analyzes the growing synthesis of the movement s religious social and political aspects as well as the challenges it faces in consumerism fundamentalism and globalization

Human Dignity and Liberal Politics Patrick Riordan, 2023-10-02 A deeply considered examination of the common good reconciling Catholic Social Thought with secular politics and philosophy The Second Vatican Council invites dialogue about the common good as the set of economic political legal and cultural conditions for human flourishing whether as individuals or as communities However some contemporary Catholic authors jeopardize this dialogue by polarizing liberalism and the common good interpreting the commitment to individual liberty as incompatible with commitment to the common good Human Dignity and Liberal Politics clarifies the meaning of the common good through the three lenses of Aristotelian practical philosophy twentieth century Catholic Social Thought and political liberalism It makes the case that embracing the common good does not entail a rejection of liberalism but that a commitment to liberal politics is compatible with faithful adherence to the Catholic tradition The book argues that liberal political philosophy is not only compatible with Catholic Social Teaching but may also be the most appropriate framework for communicating the richness of the Church s tradition today Furthermore accepting political liberalism can facilitate collaboration in political life between those who hold different worldviews and foster an enriched discussion of democracy human rights and religious liberty Students and scholars of Christian ethics and political philosophy will benefit from this response to the challenges of dialogue about the common good in the context of the resurgence of this topic

Religious Voices in Public Places Nigel Biggar, Linda Hogan, 2009-09-03 Drawing on political philosophy and theology theory and practice this essay collection tackles the complex questions arising from the interface of religion and public life Includes critical analyses of theorists Rawls Stout and Habermas and discussion of key issues such as religious education and human rights

Illiberal Politics and Religion in Europe and Beyond Anja Hennig, Mirjam Weiberg, 2020-12-16 Globale Migrationsbewegungen Sicherheitsbedrohungen und soziale Umwälzungen haben in den vergangenen Jahren den Aufstieg populistischer rechter Parteien und Bewegungen in Europa und im transatlantischen Raum befördert Religiöse Akteure stellen potenzielle Allianzpartner für diese Gruppierungen dar Denn religiöse Interpretationen etwa die Bezugnahme auf christliche Traditionen

bieten ein Reservoir für die Konstruktion vermeintlich natürlicher Geschlechterordnungen exkludierender Vorstellungen homogener Nationen und anti muslimischer Narrative Dieses Buch analysiert die ideologische strukturelle und historische Verbindung von Religion und illiberalen Politiken in europäischen Demokratien **The New Visibility of Religion** Michael Hoelzl, Graham Ward, 2008-12-09 A unique collection of essays that brings together contributions from theology aesthetics social and political science philosophy and cultural theory to examine the surge in the public visibility of religion
