Religious Imagination Robert Doran Young,1979-01-01 *Preaching and Teaching with Imagination* Warren W. Wiersbe,1997-02-01 No more dreary three point sermon outlines Wiersbe coaches preachers to creatively proclaim the living Word so hearers experience God's truth changing their lives

The Folly of Preaching Michael P. Knowles,2007-08-28 The Folly of Preaching contains a wealth of theoretical and practical insights into preaching from some of today's best known preachers scholars and homiletics teachers Many of these contributions derive their inspiration from Paul's letters to the church at Corinth in which the apostle vigorously defends both the message of the gospel and his own manner of proclaiming it Several of the twelve exemplary sermons rounding out The Folly of Preaching continue reflecting on the key theme of grace amid weakness and need expounding passages from Paul's Corinthian correspondence Of all the current preaching books available few come close to the compilation here of eminent figures in contemporary preaching Contributors Elizabeth R Achtemeier Charles G Adams Donna E Allen John L Bell David G Buttrick Tony Campolo Stephen C Farris John N Gladstone Edwina Hunter Michael P Knowles Cleophus J LaRue Thomas G Long Martin E Marty Haddon W Robinson John R W Stott Diane McLellan Walker

That Which They Can't See David Van Brugge,2025-01-20 In this retrieval study David Van Brugge addresses how the current understanding of a homiletical use of imagination for expository preaching might be strengthened The current need for strengthening becomes apparent when the various understandings of imagination and their implications for practical theology are realized This is compounded as trends in homiletics seem to minimize the imagination or embrace it in modern or postmodern ways The original contribution of this study is recognizing that the homiletical use of imagination can be strengthened by retrieving the Puritan baroque characteristics of Jonathan Edwards imagination as evidenced in his sermons to the Stockbridge Indians of 1751-1758 Edwards drew on a rich background to display an imagination that synthesized thoughts and ideas thought beyond the senses and that by the grace of God transformed thought and practice Through that creative thought Edwards maintained Biblical exposition and appeal to the affections Van Brugge further develops and evaluates the idea of Puritan baroque characteristics concluding that it is a helpful characterization of Edwards Stockbridge Indian sermons In these sermons Edwards imaginatively used imagery light space movement and glorification for the ultimate goal of directing the affections of his audience towards God Such a use of imagination for affective purpose becomes a key for the strengthening of a homiletical use of imagination today

Voicing the Vision Linda L. Clader,2004-01-01 Popular homiletics professor Linda Clader has been helping her students become attentive to how the Holy Spirit is speaking to them and eventually through them to the congregation In Voicing the Vision she shares her ideas about what preachers can do to be open and receptive to the Spirit once the exegesis is done Clader's approach to inspired and prophetic

preaching is a holistic one filled with suggestions about how the preacher's spiritual life and practice affect openness to the Spirit as well as how various creative exercises can create spaces in which the Spirit can flourish. Her careful analysis of the biblical texts that illuminate how the Spirit works in those texts is supplemented by practical suggestions for noticing how the Spirit also works in the everyday life of preacher and congregation. This book will be a welcome companion for the seminarian who is just learning to preach as well as the seasoned preacher who is looking for new inspiration.

By the Book Nomer Bernardino, **Organic Homiletic** Richard Hee-Chun Park, 2006 Organic form theory of Romanticism helps writers, artists, and preachers free themselves from potentially limiting norms and rules of form. Organic Homiletic Samuel T. Coleridge, Henry G. Davis, and the New Homiletic will inspire preachers to express their individual voices and create their own authentic forms by offering preachers innovative methods to creatively imitate, blend, and mix a wide variety of sermon forms. The book is a motivator for preachers to intuitively discover sermon content in the rhetorical context of a given preaching situation and to develop that content utilizing organic form in the process of sermon preparation. Organic Homiletic is a must-read for seminarians, experienced preachers, creative writers, and artists—all those who seek to be fresh, authentic, creative, liberated, and organic.

Memory and Liturgy Peter Atkins, 2019-01-15 Memory is a major factor in the composition and practice of liturgy. Recent research into how the brain and memory function points the way to how liturgy can best meet the needs of worshippers. In *Memory and Liturgy*, Peter Atkins draws on the fruits of his research into the process of the brain and our memory and applies it to liturgical worship. His extensive experience in writing and using liturgy keeps this book rooted in reality. In its ten chapters, the author applies the functioning of the brain and the memory to our remembrance of God in worship, God's memory of us through Baptism, our remembrance of Jesus Christ in the Eucharist, the corporate memory of the community created through worship, the healing of memories of sin and pain through forgiveness, three aids to help us worship, the process of continuity and change in liturgy, and the connection between memory, imagination, and hope. The conclusion summarizes the main practical issues. This provides a check list for those serving on Liturgical Commissions and those involved in the teaching of the practice of liturgy. This book is a positive contribution to the ongoing search for suitable liturgical worship and music for the 21st century.

Sharing the Word Lucy Atkinson Rose, 1997-01-01 Lucy Atkinson Rose proposes a nonhierarchical communal relationship between pastor and congregation that questions traditional assumptions of preaching and offers insight from those on the margin and those outside the field of homiletics. She invites preachers to practice a style of conversational preaching rooted in connectedness and a sense of mutuality between preacher and worshippers.
