Religious Influences On Health And Well Being In The Elderly:

Religious Influences on Health and Well-Being in the Elderly K. Warner Schaie, PhD, Neal Krause, PhD, Alan Booth, PhD, 2004-06-15 What makes the book's approach so captivating is that each chapter is written by a different researcher in the study of religion and health. These researchers are responsible for significant portions of the existing literature and methodologies found in this field today. The versatility of the book warrants special mention. It is effective as a survey of work that has already been done on this topic. At the same time, it serves as a wellspring of ideas for new research. This work makes a valuable contribution to the present understanding of research on religion and health. It also serves as a road map to help chart directions for future endeavors in the field.

Sociology of Religion This volume focuses on the ways in which religious institutions, religious practices, and religious organizations impact the health and well-being of older persons. Topics examined include the conceptualization and measurement of religion in late life, the relationship between religious coping and possible stress reduction, the role of forgiveness as an alternate mediator, how social class, gender, and race can influence the specific effect of religion, and religious institutions in a diverse aging society. Contributors include L. Chatters, K. Ferraro, L. K. George, E. Idler, S. McFadden, and K. Meador.

Managing Geriatric Health Services Alice McDonnell, 2013 *Managing Geriatric Health Services* provides an overview of the many disciplines related to geriatric health administration, as well as specialty topics in long-term care. Ideal for students studying geriatric health services administration, as well as active professionals currently working in the field, *Managing Geriatric Health Services* thoroughly examines core topics such as administration, nursing, and rehabilitative therapies. It also covers specialty topics including spirituality, dementia, quality assurance, oral history, and ethical issues. This text examines the various jobs within the continuum of care from an administrative and management standpoint and also looks at the various roles or disciplines within long-term care and the specific challenges to each. With contributions from experienced professionals in the field, this book includes an entire section of interdisciplinary case study examples and reflection exercises. Individual chapters include learning objectives, key terms, chapter-specific case studies, and chapter summaries.

Key Features: Discussion questions in each chapter engage the reader in learning and understanding the topics presented. Interdisciplinary case studies allow the reader to see the practical application of the concepts presented. Chapters are supported by current research from prominent experts in the field. A unique chapter on Oral Histories explores the aging process and the value of reminiscing.

Instructor Resources: PowerPoint, Lecture Slides, Test Bank.

Handbook of the Psychology of Aging James E. Birren, K. Warner Schaie, 2011-04-27 *Handbook of the Psychology of Aging* 6e provides a comprehensive summary and evaluation of recent research on the psychological aspects of aging. The 22 chapters are organized into four divisions: Concepts, Theories and Methods in the Psychology of Aging, Biological and Social Influences on Aging, Behavioral Processes and Aging, and Complex Behavioral Concepts and Processes in Aging. The 6th edition of the Handbook is considerably changed from the previous edition. Half of the chapters are on new topics, and the remaining half

are on returning subjects that are entirely new presentations by different authors of new material Some of the exciting new topics include Contributions of Cognitive Neuroscience to Understanding Behavior and Aging Everyday Problem Solving and Decision Making Autobiographical Memory and Religion and Health Late in Life The Handbook will be of use to researchers and professional practitioners working with the aged It is also suitable for use as a textbook for graduate and advanced undergraduate courses on the psychology of aging The Handbook of the Psychology of Aging Sixth Edition is part of the Handbooks on Aging series including Handbook of the Biology of Aging and Handbook of Aging and the Social Sciences also in their 6th editions *Methods in Religion, Spirituality & Aging* James W. Ellor, 2013-10-18 Since the 1971 White House Conference on Aging in the United States the need to move from religiosity into new areas such as Spiritual Assessment and Spirituality has emerged This movement has picked up momentum among scholars particularly in terms of research in the area of Spirituality While spirituality as a term is employed in many new studies this term continues to defy the quest for a single definition and method This book is divided into three sections In the first the authors reflect on the philosophical and theological issues presented by these terms from a variety of both cognate and practical methodological approaches The second section offers insights from the major professions of sociology psychology public health nursing and social work The final section offers insight and assistance to researchers and authors on specific religious traditions This book will be important for anyone working to develop such practical tools as spiritual assessment forms to those who engage in more formal scholarly investigation *The SAGE Handbook of Social Gerontology* Dale Dannefer, 2010-09-14 This volume reflects the emergence of ageing as a global concern including chapters by international scholars from Asia Australasia Europe and North America It provides a comprehensive overview of key trends and issues in the field drawing upon the full range of social science disciplines The Handbook is organized into five parts each exploring different aspects of research into social aspects of ageing Disciplinary overviews summaries of findings from key disciplinary areas within social gerontology Social relationships and social differences topics include social inequality gender and ageing the role of religion inter generational ties social networks and friendships in later life Individual characteristics and change in later life chapters in this section examine different aspects of individual aging including self and identity cognitive processes and biosocial interactions and their impact on physical and psychological aging Comparative perspectives and cultural innovations topics in this section include ageing and development ageing in a global context migration and cross cultural perspectives on grandparenthood Policy issues The final section examines some of the main policy concerns affecting older people across the world Topics include developments in social policy long term care technology and older people end of life issues work and retirement crime and older people and the politics of old age This will be essential reading for all students researchers and policy makers concerned with the major issues influencing the lives of older people across the globe **Social Structures and Aging Individuals** K. Warner Schaie, Ronald P. Abeles, 2008-07-02 A useful reference book Readers will find themselves

returning to chapters again and again PsycCritiques This is the 20th and final volume in the Societal Impact on Aging series It focuses on what has been learned over the span of the previous volumes regarding the continuing challenges for older persons in a rapidly changing society and tries to forecast what may be the next set of issues to lie at the intersection of social structures and the individual aging process The editors therefore invited major organizers of and contributors to the 19 earlier volumes to review both the accomplishments and omissions of their efforts discuss some timely new topics and provide guidelines for future research and theoretical explanations The book is divided into five broad topics health and wellbeing including the role of religion personality and cognition the impact of changes in technology and the work place issues of socio cultural change and historical context and the familial and societal contexts of aging

New Frontiers in Resilient Aging Prem S. Fry, Corey L. M. Keyes, 2010-07-29 A typically pessimistic view of aging is that it leads to a steady decline in physical and mental abilities In this volume leading gerontologists and geriatric researchers explore the immense potential of older adults to overcome the challenges of old age and pursue active lives with renewed vitality The contributors believe that resilience capacities diminishing with old age is a misconception and argue that individuals may successfully capitalize on their existing resources skills and cognitive processes in order to achieve new learning continuing growth and enhanced life satisfaction By identifying useful psychological resources such as social connectedness personal engagement and commitment openness to new experiences social support and sustained cognitive activity the authors present a balanced picture of resilient aging Older adults while coping with adversity and losses can be helped to maintain a complementary focus on psychological strengths positive emotions and regenerative capacities to achieve continued growth and healthy longevity

Handbook of Religion and Social Institutions Helen Rose Ebaugh, 2007-10-23 Handbook for Religion and Social Institutions is written for sociologists who study a variety of sub disciplines and are interested in recent studies and theoretical approaches that relate religious variables to their particular area of interest The handbook focuses on several major themes Social Institutions such as Politics Economics Education Health and Social Welfare Family and the Life Cycle Inequality Social Control Culture Religion as a Social Institution and in a Global Perspective This handbook will be of interest to social scientists including sociologists anthropologists political scientists and other researchers whose study brings them in contact with the study of religion and its impact on social institutions

Historical Influences on Lives and Aging K. Warner Schaie, PhD, Glen Elder, PhD, 2005-06-27 This book focuses on the ways in which the life course of individuals is affected by the historical contexts in which they live Editors Schaie and Elder along with over twenty five contributors explore how historical events of varying degrees such as immigration war age ethnicity and socioeconomic status can affect the immediate and long term life course

Principles and Practice of Geriatric Psychiatry Marc E. Agronin, Gabe J. Maletta, 2012-03-28 Many elderly patients suffer from psychiatric conditions that result from or are made worse by existing medical conditions This new edition integrates clinical expertise needed to evaluate and treat psychiatric medical and

neurologic disorders in the older patient Both scientific foundations of and clinical approaches to psychiatric disease are discussed by a range of experts who rely on evidence based clinical guidelines and outcomes data Most chapters include case studies that illuminate the approaches to diagnosis and treatment The book s five sections include basic principles of evaluation and treatment for specific disorders appendices offer further insight into pharmacotherapy and neuroanatomic foundation of psychiatric diseases
