The Jews and the Reformation Kenneth Austin, 2020-07-14
The first comprehensive account of Protestant and Catholic attitudes toward Jews and Judaism in the European Reformation In this rich wide ranging and meticulously researched account Kenneth Austin examines the attitudes of various Christian groups in the Protestant and Catholic Reformations towards Jews the Hebrew language and Jewish learning Martin Luther's writings are notorious but Reformation attitudes were much more varied and nuanced than these might lead us to believe This book has much to tell us about the Reformation and its priorities and has important implications for how we think about religious pluralism more broadly

Judaism and Enlightenment Adam Sutcliffe, 2004 This study investigates the philosophical and political significance of Judaism in the intellectual life of seventeenth and eighteenth century Europe Adam Sutcliffe shows how the widespread and enthusiastic fascination with Judaism prevalent around 1650 was largely eclipsed a century later by attitudes of dismissal and disdain He argues that Judaism was uniquely difficult for Enlightenment thinkers to account for and that their intense responses both negative and positive to Jewish topics are central to an understanding of the underlying ambiguities of the Enlightenment itself Judaism and the Jews were a limit case a destabilising challenge and a constant test for Enlightenment rationalism Erudite and highly broad ranging in its sources and yet extremely accessible in its argument Judaism and Enlightenment is a major contribution to the history of European ideas of interest to scholars of Jewish history and to those working on the Enlightenment toleration and the emergence of modernity itself
