The Name of This Band Is R.E.M. Peter Ames Carlin, 2024-11-05 THE NEW YORK TIMES BOOK REVIEW EDITORS CHOICE An electrifying cultural biography of the greatest and last American rock band of the millennium whose music ignited a generation and reasserted the power of rock and roll Carlin's unique gift for capturing the sweep and tenor of a cultural moment is here on brilliant display Michael Chabon In the spring of 1980 an unexpected group of musical eccentrics came together to play their very first performance at a college party in Athens Georgia Within a few short years they had taken over the world with smash records like Out of Time Automatic for the People Monster and Green Raw outrageous and expressive R E M's distinctive musical flair was unmatched and a string of mega successes solidified them as generational spokesmen In the tumultuous transition between the wide open 80s and the anxiety of the early 90s R E M challenged the corporate and social order chasing a vision and cultivating a magnetic transgressive sound In this rich intimate biography critically acclaimed author Peter Ames Carlin looks beyond the sex drugs and rock n roll to open a window into the fascinating lives of four college friends Michael Stipe Peter Buck Mike Mills and Bill Berry who stuck together at any cost until the end Deeply descriptive and remarkably poetic steeped in 80s and 90s nostalgia *The Name of This Band is R E M* paints a cultural history of the commercial peak and near total collapse of a great music era and the story of the generation that came of age at the apotheosis of rock Billboard, 1996-08-10 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Bowker's Complete Video Directory, 1999**, 1999 *NewMedia*, 1999 Billboard, 1996-08-10 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile

entertainment issues and trends *Billboard* ,1996-10-05 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **TV Guide** ,1998 **The Pop Documentary Since 1980** Richard Wallace,2025-07-10 In *The Pop Documentary Since 1980* Richard Wallace examines the representation of pop music musicians and music making in documentary film and television He draws together conceptual frameworks from within and outside of film and television studies including performance studies musicology celebrity studies and fan studies to provide a critical interrogation of the central issues in this genre A common criticism of the music documentary is that it lacks artistic integrity because of its close affiliation with its subject Wallace argues that music documentaries can be artful and conceptually complex and be part of a broader process of image curation under the control of the artist and their management This contradiction is key to the form's vitality and Wallace explores two competing lines of enquiry First the contribution that such documentaries make to the public perception of their subjects Second he argues that its official status does not preclude music documentaries from being artistic or engaging with the theoretical questions that underpin documentary media more broadly Other issues addressed include how documentaries about song writing attempt to represent intangible concepts like creativity and inspiration how the experiential and affective aspects of music are communicated through the visual image ethical considerations Each of these conceptual questions is examined through detailed analysis of a variety of music documentaries ranging from *Stop Making Sense* to *Tokyo Idols* via *Beyoncé* and *The Beatles* *The Go-Betweens* David Nichols,2011-12-01 When Robert Forster and Grant McLennan formed the Go Betweens in Brisbane in 1977 they were determined to be different They were angular spare and poetic when crashing directness was the prevailing style Their heroes were Dylan Creedence and Television when it was more fashionable to cite the Stooges and the New York Dolls Their attitude was as punk as any one's but their lyrical guitar pop stood in sharp contrast to the trends of the day The Go Betweens story is a fascinating one With cornerstone drummer Lindy Morrison and later additional members Robert Vickers and Amanda Brown the band recorded six albums in the 1980s that are among the finest work of the decade and earned them a reputation as the ultimate cult band And as one reviewer of the original 1997 edition of this book noted Unlike most rock groups the Go Betweens had personalities as well as talent which makes for a compelling read even if you're not yet a fan David Nichols relates the Go Betweens story with wit and verve and for this edition he completely updated the book adding chapters on the members' subsequent solo careers in the 1990s the subsequent reuniting of Forster and McLennan under the Go Betweens name and the band's flourishing second life in the new millennium tragically cut short by the sudden death of Grant McLennan in 2005
