Collins, 2013-01-31 When offered a chance to break out of the boring routine he has found himself in *Andrew Stanislaus Kolar* takes a leave of absence from his job to go on a short assignment for the CIA But he brings along his lovely assistant from the accounting firm as he travels into the swamps of Florida with the intent of whisking away two old high school buddies from their secret compound on Lake Phinney In the world of spies and Neo Nazis at times it is difficult to know whom to trust or even right from wrong In this second novel of the *Just A S K* series by Martin T. Collins our hero finds his niche as a troubled but capable warrior battling both bad guys and his own shortcomings **TRUMBO** Bruce Cook, 2025-04-08 The true story that inspired the major motion picture starring Bryan Cranston and Helen Mirren Dalton Trumbo was the central figure in the Hollywood Ten the blacklisted and

and the American West few names have greater resonance than Bernard DeVoto Dale Morgan Juanita Brooks Wallace

Stegner and Fawn Brodie Each of these writers made enduring contributions not only to our knowledge of the American West but also to our view of the region and its history In many ways their writing set the standard for scholarship and interpretation and their influence is still felt today Yet they were not flawless As Gary Topping explains in this the first comprehensive appraisal of their work each had serious shortcomings DeVoto and Stegner master storytellers distorted their histories with excessive use of literary and artistic techniques Morgan the thorough researcher failed to see larger contexts and interpretive possibilities Brooks courageous in finding damning new information on the Mountain Meadows massacre stopped short of drawing conclusions that might alienate her from her fellow Mormons and Brodie psychobiographer extraordinaire nonetheless succumbed to reading too much into the lives of her subjects based on her own emotions and conflicts All five writers experienced Mormon Utah in the formative stages of their lives and whether they wanted to or not fashioned their work on the American West under that indelible influence Topping shows ultimately how despite weaknesses each created exemplary models of diligent research and narrative elegance while establishing new traditions in western historical scholarship
