

Rembrandt In Eighteenth Century England

**J. Bruyn, B. Haak, S.H. Levie, P.J.J. van
Thiel, E. van de Wetering**

Rembrandt In Eighteenth Century England:

Rembrandt in Eighteenth Century England Christopher White,1983 **The Rise of the Cult of Rembrandt** Alison McQueen,2003 Rembrandt's life and art had an almost mythic resonance in nineteenth century France with artists critics and collectors alike using his artistic persona both as a benchmark and as justification for their own goals This first in depth study of the traditional critical reception of Rembrandt reveals the preoccupation with his perceived authenticity naturalism and naiveté demonstrating how the artist became an ancestral figure a talisman with whom others aligned themselves to increase the value of their own work And in a concluding chapter the author looks at the play Rembrandt staged in Paris in 1898 whose production and advertising are a testament to the enduring power of the artist's myth **Rembrandt and his Circle** Stephanie Dickey,2025-10-01 This collection brings together art historians museum professionals conservators and conservation scientists whose work involves Rembrandt van Rijn and associated artists such as Gerrit Dou Jan Lievens and Ferdinand Bol The range of subjects considered is wide from the presentation of convincing evidence that Rembrandt and his contemporary Frans Hals rubbed elbows in the Amsterdam workshop of Hendrick Uylenburgh to critical reassessments of the role of printmaking in Rembrandt's studio his competition with Lievens as a landscape painter his reputation as a collector and much more Developed from a series of international conferences devoted to charting new directions in Rembrandt research these essays illuminate the current state of Rembrandt studies and suggest avenues for future inquiry

Rembrandt/not Rembrandt in the Metropolitan Museum of Art: Paintings, drawings, and prints: art-historical perspectives Hubertus von Sonnenburg,Walter A. Liedtke,Metropolitan Museum of Art (New York, N.Y.),1995 **A Corpus of Rembrandt Paintings** J. Bruyn,B. Haak,S.H. Levie,P.J.J. van Thiel,E. van de Wetering,2013-05-14 Since the second half of the last century art historians realizing that the image of Rembrandt's work had become blurred with time have attempted to redefine the artist's significance both as a source of inspiration to other artists and as a great artist in his own right In order to carry on the work started by previous generations a group of leading Dutch art historians from the university and museum world joined forces in the late 1960s in order to study afresh the paintings usually ascribed to the artist The researchers came together in the Rembrandt Research Project which was established to provide the art world with a new standard reference work which would serve the community of art historians for the nearby and long future They examined the originals of all works attributed to Rembrandt taking full advantage of today's sophisticated techniques including radiography neutron activation autoradiography dendrochronology and paint sample analysis thereby gaining valuable insight into the genesis and condition of the paintings The result of this meticulous research is laid down chronologically in the following Volumes A Corpus of Rembrandt Paintings Volume I which deals with works from Rembrandt's early years in Leiden 1629-1631 published in 1982 A Corpus of Rembrandt Paintings Volume II covering his first years in Amsterdam 1631-1634 published in 1986 THIS VOLUME A Corpus of Rembrandt Paintings Volume III goes into his later years of reputation

1635 1642 published in 1990 Each Volume consists of a number of Introductory Chapters as well as the full Catalogue of all paintings from the given time period attributed to Rembrandt In this catalogue each painting is discussed and examined in a detailed way comprising a descriptive an interpretative and a documentary section For the authenticity evaluation of the paintings threedifferent categories are used to divide the works in A Paintings by Rembrandt B Paintings of which Rembrandt s authorship cannot be positively either accepted or rejected and C Paintings of which Rembrandt s authorship cannot be accepted This volume Volume III contains 820 pages starting of with three introductory chapters and discussing 86 paintings In clear and accessible explanatory text all different paintings are discussed larded with immaculate images of each painting Details are shown where possible as well as the results of modern day technical imaging In this volume important paintings including the Night Watch are discussed

Rembrandt — Studies in his Varied Approaches to Italian Art Amy Golahny, 2020-07-20 Rembrandt Studies in his Varied Approaches to Italian Art explores his engagement with imagery by Italian masters His references fall into three categories pragmatic adaptations critical commentary and conceptual rivalry These are not mutually exclusive but provide a strategy for discussion This study also discusses Dutch artists attitudes toward traveling south surveys contemporary literature praising and or criticizing Rembrandt and examines his art collection and how he used it It includes an examination of the vocabulary used by Italians to describe Rembrandt s art with a focus on the patron Don Antonio Ruffo and closes by considering the reception of his works by Italian artists

Rembrandt's Enterprise Svetlana Alpers, 1990 Drawing on and furthering the enterprise of Rembrandt scholars who have been reinterpreting the artist and his work over the past 25 years Alpers presents new considerations about Rembrandt s handling of paint his theatrical approach to his models his use of his studio as an environment under his control and his relationship to those who bought his work Her study is timely in light of recent research showing that well known works attributed to Rembrandt are by followers instead Alpers developed her text from a lecture series and the prose gains readability by retaining some of the flavor of a talk Still this will find its audience chiefly among scholars and specialists in the field Kathryn W Finkelstein M Ln Cincinnati Copyright 1988 Reed Business Information Inc From Library Journal

Rembrandt's Religious Prints Charles M. Rosenberg, 2017-09-11 A stunning catalogue of the seventy religious prints from the 2017 exhibition featuring detailed background information on each piece Rembrandt s stunning religious prints stand as evidence of the Dutch master s extraordinary skill as a technician and as a testament to his genius as a teller of tales Here several virtually unknown etchings collected by the Feddersen family and now preserved for the ages at the University of Notre Dame are made widely available in a lavishly illustrated volume Building on the contributions of earlier Rembrandt scholars noted art historian Charles M Rosenberg illuminates each of the seventyreligious prints through detailed background information on the artist s career as well as the historical religious and artistic impulses informing their creation Readers will enjoy an impression of the earliest work The Circumcision 1625 26 the famous Hundred Guilder Print the enigmatic eighth

state of Christ Presented to the People one of a handful of examples of the very rare final posthumous state of The Three Crosses and an impression and counterproof of The Triumph of Mordecai From the joyous epiphany of the coming of the Messiah to the anguish of the betrayal of a father Jacob by his children from choirs of angels waiting to receive the Virgin into heaven to the dog who defecates in the road by an ancient inn The Good Samaritan Rembrandt's etchings offer a window into the nature of faith aspiration and human experience ranging from the ecstatically divine to the worldly and mundane Ultimately these prints modest intimate fragile objects are great works of art which like all masterpieces reward us with fresh insights and discoveries at each new encounter Despite many reliable catalogues of Rembrandt's etchings very few have focused on the religious content of these prints The outstanding range of the Feddersen Collection offers an excellent occasion for closer examination of Rembrandt's development as a printmaker but also as a spiritual devout Christian especially evident from his thoughtful return to the same subjects across his career Charles Rosenberg and his team at the Snite Museum deserve our thanks for fresh analysis of Rembrandt's religious prints combined with the latest scholarship on the artist and his etchings output Rembrandt scholars but also all lovers of the artist will want to consult this important catalogue Larry Silver author with Shelley Perlove of Rembrandt's Faith Church and Temple in the Dutch Golden Age Rembrandt's etchings of religious themes capture the emotional heart of their subjects through a uniquely inventive approach to both technique and content The seventy prints gathered by Jack and Alfrieda Feddersen span the full range of Rembrandt's production and offer an outstanding resource for appreciation and research This catalogue tells the fascinating story of how the collection was formed and brings a fresh analysis to each print Charles Rosenberg's extensive catalogue entries will be useful reading for anyone interested in the history of European art and one of its most talented practitioners Rembrandt van Rijn Stephanie Dickey Queen's University

The Ashgate Research Companion to Dutch Art of the Seventeenth Century Wayne Franits, 2017-07-05 Despite the tremendous number of studies produced annually in the field of Dutch art over the last 30 years or so and the strong contemporary market for works by Dutch masters of the period as well as the public's ongoing fascination with some of its most beloved painters until now there has been no comprehensive study assessing the state of research in the field As the first study of its kind this book is a useful resource for scholars and advanced students of seventeenth century Dutch art and also serves as a springboard for further research Its 19 chapters divided into three sections and written by a team of internationally renowned art historians address a wide variety of topics ranging from those that might be considered traditional to others that have only drawn scholarly attention comparatively recently

Pictures and Popery Clare Haynes, 2006 Pictures and Popery investigates the reception of great Renaissance works of art and wider cultural activities It also reintroduces the accepted nature of English identity and religious attitudes into the broad historical narrative In so doing this book offers a genuinely new and stimulating insight into the cultural religious and social development of late Stuart and early Hanoverian England
