Remembering Patsy:

Remembering Patsy Brian Mansfield, 2003-02 A companion to an MCA CD tribute to Patsy Cline this photo diary has quotes about Cline's influence on various artists' careers as well as reminiscences from Cline's contemporaries including Brenda Lee, Loretta Lynn and Harold Bradley. Includes a CD single Photos. **Musicological Identities** Jacqueline Warwick, 2017-07-05 No music scholar has made as profound an impact on contemporary thought as Susan McClary, a central figure in what has been termed the new musicology. In this volume, seventeen distinguished scholars pay tribute to her work with essays addressing three approaches to music that have characterized her own writings: reassessing music's role in identity formation, particularly regarding gender, sexuality and race; exploring music's capacity to define and regulate perceptions and experiences of time; and advancing new modes of analysis more appropriate to those aspects and modes of musicking ignored by traditional methods. Contributors include, in overlapping categories, many fellow pioneers, current colleagues and former students, and their essays like McClary's own work address a wide range of repertoires ranging from the established canon to a variety of popular genres. The collection represents the generational arrival of the new musicology into full maturity, dividing fairly evenly between pre-eminent scholars of music and a group of younger scholars who have already made their mark in significant ways. But the collection is also, and fundamentally, interdisciplinary in nature, in active conversation with such fields as history, anthropology, philosophy, aesthetics, media studies, film, music studies, dramatic criticism, women's studies and cultural studies. **Sound Judgment** Richard Leppert, 2023-05-31 The essays in *Sound Judgment* span the full career of Richard Leppert, from his earliest to work that appears here for the first time on subjects drawn from early modernity to the present concerning music, both popular and classical, European and North American. Noted for his path-breaking interdisciplinary scholarship on music and visual culture, the collection includes key essays on music's visualization in art, practices in virtually all visual media, including film. The fourteen essays comprising this volume demonstrate Leppert's many contributions to critical musicology, particularly in the areas of aesthetics, as well as social and intellectual history, all of it grounded in a heterodox body of critical and cultural theory with the work of Theodor W. Adorno, particularly noteworthy. The collection is preceded by an introduction in which Leppert traces his intellectual development, defined in large part by the social, cultural and political upheavals of the 1960s and their aftermath, both in the academy and in society at large. *NO SURRENDER* Lindsay Longford, 2011-07-15 Expectantly Yours. DESPERATE MEASURES. Kate March's pregnancy was forcing her to return to Jed Stone, the man she'd walked away from years ago. With a killer shadowing her, Kate had to put her future and that of her unborn child in her former lover's hands. Their past stood between them, yet the haunted look in Kate's eyes aroused Jed's protective instincts, as well as his pent-up desire. But could he allow himself to surrender his love to the one woman he couldn't live without, and who was carrying another man's child? Baby on the way. **Eye Killers** A. A. Carr, 2014-08-28 Lurking in the caves of eastern New Mexico, Falke, a thousand-year-old vampire,
