Remy De Gourmont Selected Writings:

Selected Writings Gerard de Nerval, 2006-09-28 Poet visionary short story writer and autobiographer Gerard de Nerval 1808 1855 explored the uncertain borderlines between dream and reality irony and madness autobiography and fiction with his groundbreaking writings This comprehensive selection of his works includes Aurélia the memoir of his madness the haunting novella of love and memory Sylvie considered to be a masterpiece by Proust the hermetic sonnets of The Chimera as well as Nerval's experimental fictions and selections from his correspondence which demonstrate his lucid awareness of how nineteenth century psychiatry consigned his fertile imagination to the status of mental illness Together these pieces confirm Nerval's place as a pioneering modernist a precursor of the French Symbolists and a vital model for such writers as Marcel Proust André Breton Antonin Artaud and Michel Leiris *Michael Oakeshott Selected Writings Collection* Michael Oakeshott, 2014-08-26 A collection of 6 volumes of Oakeshott's work Notebooks 1922-86 Early Political Writings 1925-30 The Concept of a Philosophical Jurisprudence Vocabulary of a Modern European State Lectures in the History of Political Thought and What is History Embattled Avant-Gardes Walter L. Adamson, 2009-08-17 This sweeping work at once a panoramic overview and an ambitious critical reinterpretation of European modernism provides a bold new perspective on a movement that defined the cultural landscape of the early twentieth century Walter L. Adamson embarks on a lucid wide ranging exploration of the avant garde practices through which the modernist generations after 1900 resisted the rise of commodity culture as a threat to authentic cultural expression Taking biographical approaches to numerous avant garde leaders Adamson charts the rise and fall of modernist aspirations in movements and individuals as diverse as Ruskin Marinetti Kandinsky Bauhaus Purism and the art critic Herbert Read In conclusion Adamson rises to the defense of the modernists suggesting that their ideas are relevant to current efforts to think through what it might mean to create a vibrant aesthetically satisfying form of cultural democracy Critic as Scientist Ian F. A. Bell, 2023-08-11 First published in 1981 Critic as Scientist provides a detailed and scholarly account both of the scientific background and of contemporary artistic issues in its analysis of Ezra Pound's poetics During the crucial period of his years in London Ezra Pound was striving to formulate not only a new system of poetics but also a new language through which he could both define the critic's procedure and announce his modernity It was in science that Pound discovered the vocabulary that became his most characteristic gesture during the literary crises of the time The use of scientific terminology in his propaganda for a new renaissance belonged initially to specifically American modes of aesthetic tradition as typified by Whistler and aspects of New England transcendentalism A consideration of popular versions of physics and biology and of the scientific attitude displayed by such contemporaries as Fenollosa Hulme Ford and Eliot reveals that the major terms and practices of Pound's critical vocabulary were located in the issues of nineteenth and early twentieth century science The author has sought to demystify key words in the Poundian vocabulary and has suggested a wider literary and cultural context for the study of

Pound's aesthetic theory This book will be of interest to students of literature *A History of Literary Criticism* M. A. R. Habib, 2008-04-15 This comprehensive guide to the history of literary criticism from antiquity to the present day provides an authoritative overview of the major movements figures and texts of literary criticism as well as surveying their cultural historical and philosophical contexts Supplies the cultural historical and philosophical background to the literary criticism of each era Enables students to see the development of literary criticism in context Organised chronologically from classical literary criticism through to deconstruction Considers a wide range of thinkers and events from the French Revolution to Freud's views on civilization Can be used alongside any anthology of literary criticism or as a coherent stand alone introduction

The Philosophy of T. S. Eliot William Skaiff, 2016-11-11 T S Eliot's mind encompasses just about every important avant garde intellectual movement of his time His thought as well as his poetry represents an essential and original achievement within Modernism This study presents Eliot's unique synthesis of contemporary philosophy psychology anthropology and studies in mysticism and demonstrates how it is responsible for the nature of his religious belief the basic tenets of his literary theory and the figurative structural and dramatic aspects of his verse pervading virtually everything he wrote throughout his life The chapters are Skepticism Mysticism The Unconscious Primitive Experience Mythic Consciousness and A Surrealist Poetic

T. E. Hulme and the Ideological Politics of Early Modernism Henry Mead, 2015-08-27 Drawing on a range of archival materials this book explores the writing career of the poet philosopher art critic and political commentator T E Hulme a key figure in British modernism T E Hulme and the Ideological Politics of Early Modernism reveals for the first time the full extent of Hulme's relationship with *New Age* a leading radical journal before the Great War focussing particularly on his exchange of ideas with its editor A R Orage Through a ground breaking account of Hulme's reading in continental literature and his combative exchanges amongst the bohemian networks of Edwardian London Mead shows how the strange death of Liberal England coincided with Hulme's emergence as what T S Eliot called the forerunner of the twentieth century mind Tracing his debts to French Symbolism evolutionary psychology Neo Royalism and philosophical pragmatism the book shows how Hulme combined anarchist and conservative impulses in his journey towards a religious attitude The result is a nuanced account of Hulme's ideological politics complicating the received view of his work as proto fascist

Glorious Perversity Brian M. Stableford, 1998-01-01 A study of the decadent literary movements in England and France focusing upon such poets and authors as Baudelaire and Oscar Wilde

Ezra Pound and Confucianism Feng Lan, 2011-11-01 In *Ezra Pound and Confucianism* Feng Lan offers the first study of Ezra Pound's project of establishing a Confucian humanism as an alternative to Western modernism While Pound scholars are familiar with the American poet's commitment to Confucianism the question of how Confucianism systematically shaped Pound's thoughts has not been convincingly answered Lan shows that when confronted with what appeared to him a dehumanising modern world Pound discovered in Confucianism possible solutions to issues that he encountered in language politics and religion

which Western intellectual tradition as a whole had failed to provide By integrating Confucian doctrines with received ideas from Western tradition Pound developed a humanist discourse and brought it to bear on the historical conditions of his time The result was a discourse characterized primarily by the following beliefs the human mind as the source of creation the individual's moral will as the basis of truth and social order the human partnership with the world of nature the self-perfectibility of human beings and their innate capability for internal transcendence in spiritual life Lan examines the strategies with which Pound reconstructed Confucianism into a systematic modern discourse focusing on his controversial translation of Confucian scriptures his rethinking of the nature of language and poetry his political theory of the individual and the state and his formulation of an unorthodox spirituality Situating Pound's works in diverse cultural historical and intellectual contexts Ezra Pound and Confucianism demonstrates that despite its frequent divergence from the Confucian canon Pound's Confucian humanism gives his poetry an ideological coherence enriches the Western humanist tradition and asserts its relevance to the historical and cross cultural development of Confucianism in modern times

The Fin de Siècle Imagination in Australia, 1890-1914 Mark Hearn, 2022-07-14 This book explores the fin de siècle an era of powerful global movements and turbulent transition in Australia and beyond through a series of biographical microhistories From the first wave feminist Rose Summerfield and the working class radical John Dwyer to the indigenous rights advocate David Unaipon and the poet Christopher Brennan Hearn traces the transnational identities philosophies ideas and cultures that characterised this era Examining the struggles and aspirations of fin de siècle lives respect for the rights of women and indigenous peoples the injustices and hardship inflicted on working men and women and the ways in which they imagined a better world this book examines the transformation and renewal brought about by fin de siècle ideas It examines the distinctive characteristics of this great acceleration of economic technological and cultural forces that swept the globe at the turn of the 19th century both within an Australian context and on the world stage Asserting that the fin de siècle was significant for the making of modern Australia and demonstrating the impact Australian fin de siècle lives had on the transnational and global movements of the era Mark Hearn traces the turbulent nature of the fin de siècle imagination in Australia and its response to these dynamic forces
