

Renaissance Print 1471 1550

Sharon Gregory, Giorgio Vasari

Renaissance Print 1471 1550:

Learning Greek in Western Europe, 1396-1529 Paul Botley, Vasari and the Renaissance Print Sharon Gregory, Giorgio Vasari, 2012 In both Vasari's life and in his *Lives* prints played important roles This volume examines Giorgio Vasari's interest as an art historian and as an artist in engravings and woodblock prints revealing how it sheds light on aspects of Vasari's career and on aspects of sixteenth century artistic culture and artistic practice It is the first book to study his interest in prints from this dual perspective **A Short History of Florence and the Florentine Republic** Brian Jeffrey

Maxson, 2023-02-23 The innovative city culture of Florence was the crucible within which Renaissance ideas first caught fire With its soaring cathedral dome and its classically inspired palaces and piazzas it is perhaps the finest single expression of a society that is still at its heart an urban one For as Brian Jeffrey Maxson reveals it is above all the city state the walled commune which became the chief driver of European commerce culture banking and art that is medieval Italy's enduring legacy to the present Charting the transition of Florence from an obscure Guelph republic to a regional superpower in which the glittering court of Lorenzo the Magnificent became the pride and envy of the continent the author authoritatively discusses a city that looked to the past for ideas even as it articulated a novel creativity Uncovering passionate dispute and intrigue Maxson sheds fresh light too on seminal events like the fiery end of oratorical firebrand Savonarola and Giuliano de' Medici's brutal murder by the rival Pazzi family This book shows why Florence harbinger and heartland of the Renaissance is and has always been unique **Subject Guide to Books in Print**, 1975

Copyright in the Renaissance: Prints and the Privilegio in Sixteenth-Century Venice and Rome Christopher Witcombe, 2004-06-01 This study examines the emergence and early history of copyright in Venice and Rome focusing in particular on the privilegio and the use made of it by printers publishers engravers painters architects mapmakers and others in the sixteenth century to protect their commercial interests in various types of printed images These include separately sold engravings woodcuts and etchings as well as illustrations in books The first part of the book surveys printmaking and the privilegio in sixteenth century Venice and Rome together with the related issues of licensing and censorship The second part documents many of the recipients who were granted the privilegio The book introduces the reader to the richly competitive world of printmaking and print publishing in Renaissance Italy **Heavenly Craft** Library of Congress, 2004-11-02 This volume explores the evolution of the technique composition and colouration of the woodcut beginning with the earliest publications It features examples from Germany Italy France Spain and The Netherlands

The Renaissance of Etching Catherine Jenkins, Nadine M. Orenstein, Freyda Spira, Peter Fuhling, Donald J. La Rocca, Anne Varick Lauder, Christof Metzger, Femke Speelberg, Ad Stijnman, Pierre Terjanian, Julia Zaunbauer, 2019-10-21 The Renaissance of Etching is a groundbreaking study of the origins of the etched print Initially used as a method for decorating armor etching was reimagined as a printmaking technique at the end of the fifteenth century in Germany and spread rapidly across Europe Unlike engraving and woodcut which required great skill and years of training

the comparative ease of etching allowed a wide variety of artists to exploit the expanding market for prints The early pioneers of the medium include some of the greatest artists of the Renaissance such as Albrecht Dürer Parmigianino and Pieter Bruegel the Elder who paved the way for future printmakers like Rembrandt Goya and many others in their wake Remarkably contemporary artists still use etching in much the same way as their predecessors did five hundred years ago Richly illustrated and including a wealth of new information The Renaissance of Etching explores how artists in Germany the Netherlands Italy and France developed the new medium of etching and how it became one of the most versatile and enduring forms of printmaking

p1 margin 0 0px 0 0px 0 0px 0 0px font 14 0px Verdana **The Printed Word** Rudolf Hirsch,1978 The Printed Book of the Renaissance Ernst Philip Goldschmidt,1950 The Apocalypse and the Shape of Things to Come Frances Carey,1999-01-01 The Book of Revelation's legacy of visual imagery is evaluated here from the 11th century to the end of World War 2 illuminated manuscripts books prints and drawings of apocalyptic phases are examined
