Gordon, *Ultra Smooth Jazz Grooves for Piano Keyboards* by internationally renowned authors musicians and recording artists Frank Villafranca and Andrew D Gordon of The Super Groovers is a collection of grooves and melodies in the Smooth Jazz Genre creating an exciting supplemental jazz study series for beginner intermediate and advanced jazz students and musicians After releasing their first CD Supergroovin which received world wide airplay they recognized a need in the music publishing business for a series of books on contemporary improvising within the Smooth Jazz genre Andrew composed and recorded all the rhythm tracks used in this book In their opinion the melodies were so catchy they couldn't resist developing them into completed songs Mainline Connection Villefranche sur Mer and You're The Only One In My Life are a few featured on their second CD Mainline Connection Their CD's or mp3 downloads are available from iTunes Amazon.com CD Baby or from The Super Groovers web site The smooth jazz grooves in this 50 page book feature a variety of contemporary rhythm section styles including R B Jazz Funk Top 40 Rock Gospel Hip Hop and Latin These stylistic influences are frequently associated with smooth jazz Popular artists in this genre include The Super Groovers David Sanborn Eric Marienthal Kenny G David Benoit Dave Koz Tom Scott Gerald Albright Candy Dulfer Wilton Felder Boney James Chris Botti Chuck Mangione Sade George Benson Peter White Lee Ritenour Earl Klugh Larry Carlton Jeff Lorber Brian Culbertson George Duke Paul Hardcastle Joe Sample Spyro Gyra Pat Metheny Four Play The Yellow Jackets and The Rippingtons We suggest that you become acquainted with as many of these artists as possible by purchasing their CD's or mp3's via retailers such as iTunes or Amazon.com On each of the 20 tracks the groove is separated into 3 melodic ideas Each melodic idea example or riff is played first by the piano with the groove followed by just the rhythm section groove without the piano The 1st example is usually the easiest the 2nd slightly harder and the 3rd the most difficult **Outta Sight Funk and R&B Riffs for Piano/Keyboards** Andrew D. Gordon, *Outta Sight Funk and R B Riffs for Piano Keyboards* by Andrew D Gordon is designed to help piano keyboard players improve their playing technique with a wide range of different Funk R B riffs and grooves While living in London during my early 20's I had the opportunity of developing my Funk R B skills by playing or jamming with musicians of mainly African Jamaican descent 3 to 4 times a week We would jam for hours on end including doing gigs to the early hours of the morning From this experience it is my feeling that it is important to play and learn from other musicians however if one is unable to do so then incorporating this product into your practicing routine is the next best thing By using this book your Funk R B keyboard playing will definitely improve What is Funk Music Funk is an Afro American musical style originated by James Brown and later Sly and the Family Stone emphasizing the rhythm and putting melody and harmony in the background Funk often consists of a complex groove where every instrument is playing a different rhythmic part fitting together like a jigsaw puzzle Entire songs are written without any or minimal chord changes

where one or two riffs form the basis of the song as represented by the examples in this book One of the most distinctive features of funk music is the role of the bass line as a foundation with melodic bass lines at the centerpiece of a funk tune The left hand parts in this book capture both the rhythmic and melodic essence of funk bass while the right hand parts capture the percussive syncopated rhythms of funk music similar to what a guitarist may play Funk music uses the same type of extended chords as in jazz including minor chords with added sevenths ninths and elevenths or dominant seventh ninth eleventh and thirteenth chords Each of the 55 examples has been recorded three times 1 The left and right hand parts are played through twice with drums percussion guitars and keyboards at the regular tempo 2 Rhythm tracks at the regular tempo of guitar bass drums percussion to practice the keyboard parts along with 3 Slowed down track of the left right keyboard parts with the drums so that you can precisely hear what the keyboard parts are playing For musicians students who would like extended 2 minute Play A Long tracks for each of the 55 examples ADG Productions offer downloadable mp3 files or MIDI files
