*Kahlil Joseph and the Audiovisual Atlantic* Joe Jackson, 2024-07-11 It's wonderful to read a book that ranges across music cinema music video art and literature with such ease One of the beautiful things about this book is that it is really attentive to relationships and this is particularly clear when talking about Kahlil Joseph's creative mentors and comrades including Arthur Jafa and Terrence Malick Tsitsi Ella Jaji Helen S Bevington Associate Professor of Modern Poetry Associate Professor of African American Studies Duke University USA Kahlil Joseph has collaborated with musicians FKA twigs Flying Lotus Sampha and Shabazz Palaces among many others He has directed numerous films music videos and advertisements across Africa America and Europe The award winning filmmaker's disruptive style which frequently merges visual representations of transcontinental experiences with the countercultural energies of Afrodiasporic music challenges the Eurocentric biases underpinning Western media At the same time his works generate various contradictions and tensions because they are themselves products situated within an economic framework of neoliberal capitalism at once offering alternative ways of being while simultaneously participating in and thereby sustaining the social structures that they otherwise seek to subvert and dismantle This is the first book length study of Kahlil Joseph's work Distinguishing the artist's personal and professional personas it traces Joseph's career trajectory and artistic output emphasizing how the director's construction of a multifaceted filmmaking persona operates in tandem with his artworks to challenge fixed unidimensional or stable notions of identity Through biographical study and deep examinations of the director's respective transmedia artworks this book draws from various discussions shaped by Paul Gilroy's ground breaking text *The Black Atlantic* 1993 By applying *The Black Atlantic*'s disruptive audiocentric ideas to contemporary digital media forms generated by Kahlil Joseph and his peers alike this book challenges the latent Eurocentricity on which dominant theorizations of modernity as well as the overlapping fields of Film Media and Screen Studies are grounded In turn it offers an alternative framework for negotiating the paradoxes contradictions and transnational flows of our media saturated present namely the *Audiovisual Atlantic* This book has been selected as runner up for Best First Monograph 2025 by BAFTSS British Association of Film Television and Screen Studies

**Pop Masculinities** Kai Arne Hansen, 2022 In *Pop Masculinities* author Kai Arne Hansen investigates the performance and policing of masculinity in pop music as a starting point for grasping the broad complexity of gender and its politics in the early twenty first century Drawing together perspectives from critical musicology gender studies and adjacent scholarly fields the book presents extended case studies of five well known artists Zayn Lil Nas X Justin Bieber The Weeknd and Take That By directing particular attention to the ambiguities and contradictions that arise from these artists' representations of

**Comparing Faithfully** Michelle Voss,2016-09-01 Every generation of theologians must respond to its context by rearticulating the central tenets of the faith Interreligious comparison has been integral to this process from the start of the Christian tradition and is especially salient today The emerging field of comparative theology in which close study of another religious tradition yields new questions and categories for theological reflection in the scholar s home tradition embodies the ecumenical spirit of this moment This discipline has the potential to enrich systematic theology and by extension theological education at its

foundations The essays in *Comparing Faithfully* demonstrate that engagement with religious diversity need not be an afterthought in the study of Christian systematic theology rather it can be a way into systematic theological thinking Each section invites students to test theological categories to consider Christian doctrine in relation to specific comparisons and to take up comparative study in their own contexts This resource for pastors and theology students reconsiders five central doctrines of the Christian faith in light of focused interreligious investigations The dialogical format of the book builds conversation about the doctrine of God theodicy humanity Christology and soteriology Its comparative essays span examples from Hindu Buddhist Jewish Muslim Jain and Confucian traditions as well as indigenous Aztec theology and contemporary spiritual but not religious thought to offer exciting new perspectives on Christian doctrine **Ya Ha Tinda** Kathy

Calvert, 2017 An illustrated history celebrating the 100th anniversary of this historic working horse ranch located along the eastern slopes of the Canadian Rockies The story of the Ya Ha Tinda and its evolution into the only continuously operating federal government horse ranch in Canada is much more than the story of the people who worked and lived there Its ancient history is an amalgam of geological evolution with archaeological evidence of ancient indigenous people's use of the land for over 9 400 years and a biophysical inventory of flora and fauna unique to this particular landscape So important is this small footprint that it has been the source of a constant struggle for control between governments and special interest groups since the early 1900s when the Brewster Brothers Transfer Company first obtained a grazing lease in the area for raising and breaking horses for their guiding and outfitting business in Banff and Lake Louise This unique book covers the 100 years since the inception of the ranch its challenges to survive intact to the 2017 centennial celebration and the stories of the men and women who worked and survived on the spread as they fought the elements and the politics to keep it as a home place for both the warden service and Parks Canada Billboard ,1994-04-02 In its 114th year Billboard remains the world's
