Role Of Technology In Preventing The Entry Of Terrorist:

The Role of Technology Into Preventing the Entry of Terrorists Into the United States United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Technology, Terrorism, and Government Information, 2002

Protecting the American Homeland Michael E. O'Hanlon, Peter R. Orszag, Ivo H. Daalder, 2011-10-25 A good deal has been done to improve the safety of Americans on their own soil since the attacks of September 11 2001 Yet there have been numerous setbacks The Bush administration and Congress wasted at least six months in 2002 due to partisan disagreement over a new budget for homeland security and as one consequence resources were slow to reach first responders across the country Most improvements in homeland security have focused on refighting the last war improving defenses against attacks similar to those the country has already suffered Not enough has been done to anticipate possible new kinds of terrorist actions Policymakers have also focused too much attention on the creation of a department of homeland security rather than identifying and addressing the kinds of threats to which the country remains vulnerable While the creation of a cabinet level agency focusing on homeland security may have merit the authors of this study argue that the department will not in and of itself make Americans safer To the contrary the complexity of merging so many disparate agencies threatens to distract Congress and the administration from other more urgent security efforts This second edition of *Protecting the American Homeland* urges policymakers to focus on filling key gaps that remain in the current homeland security effort identifying better protection for private infrastructure using information technology to share intelligence and more effectively connect the dots that could hold hints to possible terrorist tactics expanding the capacities of the Coast Guard and Customs Service as well as airline transportation security dealing with the possible threat of surface to air missiles to airliners and encouraging better coordination among intelligence agencies While acknowledging the impossibility of preventing every possible type of terrorist violence the authors recommend a more systematic approach to homeland security that focuses
