and measurement criteria are demanded as evidence of drama's efficacy an examiner stands as gatekeeper When the educational landscape is in danger of overcrowding we meet a territorial governor And how often has the courtesan turned out to be only a tease because the arts are for a brief moment in the spotlight for their abilities to foster out of the box thinkers In this text we meet these commissionaires and many more The gatekeeping roles and what they represent are so familiar that they have become clichés to us We know them by their arguments ripostes dismissals their brief encouragement and lack of follow up And we know that behind each one however firmly they think they keep the keys is a financial and political master whose power controls the curriculum building and everything in it      **Resources in Education** ,1999-04
