The Rolleiflex and Rolleicord Photographer's Companion ... With Contributions by John Gay [and Others], Etc. [With Illustrations.].* Ladislaus Andrew MANNHEIM,1951 *Old Fields* John R. Stilgoe,2014-03-04 Glamour subverts convention Models images and even landscapes can skew ordinary ways of seeing when viewed through the lens of photography suggesting new worlds imbued with fantasy mystery sexuality and tension In *Old Fields* John Stilgoe one of the most original observers of his time offers a poetic and controversial exploration of the generations long effort to portray glamour Fusing three forces in contemporary American culture amateur photography after 1880 the rise of glamour and fantasy and the often mysterious quality of landscape photographs Stilgoe provides a wide ranging yet concentrated take on the cultural legacy of our photographic history Through the medium of shop theory the techniques tools and purpose made equipment a maker uses to realize intent Stilgoe looks at the role of Eastman Kodak in shaping the ways photographers purchased cameras and films while also mapping the divisions that were created by European made cameras He then goes on to argue that with the proliferation of digital cameras smart phones and Instagram young people s lack of knowledge about photographic technique is in direct correlation to their lack of knowledge of the history of glamour photography In his exploration of the rise of glamour and fantasy in contemporary American culture Stilgoe offers a provocative and very personal look into his enduring fascination with and the possibilities inherent in creating one s own images *The rollei way, by l.a. mannheim* Ladislaus andrew Mannheim,1965 *The Rollei Way* L. Bill Brandt Sarah Hermanson Meister,2013 Bill Brandt was the pre eminent British photographer of the twentieth century and a founding father of photography s modernist tradition whose half century long career defies neat categorization This publication presents the photographer s entire oeuvre with special emphasis on his investigation of English life in the 1930s and his innovative late nudes The Museum of Modern Art has been exhibiting and collecting Brandt s photographs since the late 1940s and recently has more than doubled its collection of vintage prints of his work which form the core of this selection An essay by Sarah Hermanson Meister sets his life and work in the context of twentieth century photographic history Brandt s printing style changed dramatically over the course of his career and this will be a secondary focus With rich duotone illustrations that highlight the special characteristics of Brandt s prints this volume will be an invaluable resource to students and scholars alike Lee Ann Daffner contributes an illustrated glossary of Brandt s retouching techniques enhancing the appreciation of Brandt s printing processes The book also includes a generously illustrated appendix of Brandt s published photo stories during the Second World War which will clarify the trajectory of Brandt s career as never before
