Matildas Story:

Rise of the Matildas Fiona Crawford, 2024-11-05 The 2023 Women's World Cup semi final gripped Australia in a way that few sporting events have achieved. On any level it was transformative capturing the highest TV audience since records began. It was hard on the back of the Matildas' nail biting quarter final which ended in the longest penalty shootout in World Cup history. To chronicle the Matildas' euphoric World Cup rise Fiona Crawford draws on interviews with players, administrators, sponsors and fans skilfully unpicking questions of gender, human rights, race and women's sports. The Rise of the Matildas highlights the astonishing impact of one team's determination to leave the game in a better place. The Matildas Dave Pasquantonio, 2020-05-12 Brilliant Ambitious A great detective Matilda Garrigan is none of these in The Matildas a quirky funny mystery with duplicates, duplicity and an amateur sleuth in way over her head. Tiny book publisher Mitotic Press takes novels from one Earth and publishes them on a parallel Earth thanks to a portal in a basement conference room. They're a team of book thieves with a pretty sweet and very secret business until someone anonymously threatens to reveal Mitotic's portal to both Earths. Matilda Garrigan quit her dream job at Mitotic Press after she was too late returning from a business trip to the other Earth to prevent her girlfriend's death. Mattie's good at running away from her problems and she's certainly no detective but when Mitotic comes calling she reluctantly channels her inner Nancy Drew to find out who's behind the threat. Mattie's investigation leads nowhere and predictably she gives up but when more clues are found and bodies start piling up Mattie realizes that the mastermind can only be someone who's already dead. To keep Mitotic's portal a secret and finally tell the perfect woman how she really feels Mattie faces angry ex-lovers, terrible music, identical killers from multiple Earths and a mystery that grows weirder by the day. The Golden Nugget "Matildas' Night out & the Fortune Teller" Mina Laroashun, 2018-12-20 The Golden Nugget Matilda's Night Out and the Fortune Teller is a fun short fiction story meant to offer its readers a bit of adventure and enjoyment. The story is a contemporary urban fairy tale that is bestowed upon the story characters by requiring that they each use magical realism which is needed in order to create positive change and which arrives by way of encouragement of a warm, very likeable, well-traveled, experienced fortune teller. Unlike Cinderella the magic of the fairy tale continues on into the everyday world in which the characters live. An unexpected special occasion and night out results in all having a fun time and a welcome surprise. The story identifies the significance of past ancient story tales of many world cultures which still influence us today for positive good. Folklore and foxfire used in past tradition is known today as contemporary folk magic which gives each of us a bit of stardust and offers each of us hope today in understanding why superstitions, personal beliefs, good versus evil, the powers of magical realism, positive thought and one's belief in self-magic reveal how folktales intend to heal the human spirit and instill one's belief in both natural and self-magic. The purpose of the book is to encourage each of us to appreciate the true meaning of the first gypsy legends who were the first trendsetter pioneers and human legends whom both established and carried on enjoyable American traditions. The book

encourages each of us to never stop believing in the magic If you know of at least three superstitions you personally believe in or know of just for fun and know of a few special fairy tales you should enjoy this book
