Wetchler, Lorna L. Hecker, 2014-04-04 Learn the fundamentals of family therapy and treatment An Introduction to Marriage and Family Therapy presents insight and analysis from 20 of the foremost experts in the theoretical and practice areas of family therapy offering a unique blend of approaches and styles Chapters draw on each author's area of expertise in exploring the history of family therapy and the application of systems theory to families Ideal as a comprehensive resource for entry level students the book also gives undergraduates a glimpse of graduate training and provides useful tips on how to apply to graduate school and what to expect while shopping for graduate education An Introduction to Marriage and Family Therapy is divided into two parts a theoretical section where commonly used theories are presented with practical case examples and a section devoted to special issues and topics such as couples therapy communication training marital enrichment and premarital counseling The book also covers substance abuse divorce gender and culture family violence sexual dysfunctions and sex therapy treatment and the interface of ethics and the legal system An Introduction to Marriage and Family Therapy also discusses the history of family therapy systems theory and cybernetics structural and strategic family therapy cognitive behavioral experiential and transgenerational therapies collaborative language based models current research findings and much more With its unique and comprehensive approach An Introduction to Marriage and Family Therapy serves as a theoretical introduction to the field of marriage and therapy and related mental health disciplines where family treatment is emphasized The book is essential for educators in marriage and family counseling classes and is an invaluable resource for therapists counselors social work professionals pastoral educators and family psychologists ,

Marriage and Family Therapy Linda Metcalf, 2011-06-23 Print CourseSmart **Family Therapy** Alan Carr, 2012-10-04 Now in its third edition this highly regarded and well established textbook includes up to date coverage of recent advances in family therapy practice and reviews of latest research whilst retaining the popular structure and chapter features of previous editions Presents a unique integrative approach to the theory and practice of family therapy Distinctive style addresses family behaviour patterns family belief systems and narratives and broader contextual factors in problem

formation and resolution Shows how the model can be applied to address issues of childhood and adolescence e g conduct problems drug abuse and of adulthood e g marital distress anxiety depression Student friendly features chapters begin with a chapter plan and conclude with a summary of key points theoretical chapters include a glossary of new terms case studies and further reading suggestions are included throughout

Models Of Family Therapy William A. Griffin, Shannon M. Greene, 2013-10-28 Models of Family Therapy provides an overview of established family therapy models All classification schemes of family therapy models must reduce ideological complexity ignore overlap and generalize for the purposes of category inclusion and exclusion Nonetheless orientation differences do exist and the authors make these differences clear by placing ideas and methods into categories To facilitate learning how the dimensions of each model fit with other models this book enhances comparability by using the same general outline in all chapters In these outlines the critical components of each model are broken down into a few core assumptions terms techniques and methods These critical components are summarized consistent with their description in the original publications Some of these models include structural strategic behavioral psychoeducational and experiential therapy Because of the style of presentation this book can be useful as a primary text or supplement in a marriage and family therapy course In addition graduate students and professionals can benefit from this guidebook in order to prepare for any state or national examination on marriage and family therapy

Family Therapy Michael D. Reiter, 2024-11-21 Family Therapy second edition is a fully updated and essential textbook that provides students and practitioners with foundational concepts theory vocabulary and skills to excel as a family therapist This book is a primer of how family therapists conceptualize the problems that people bring to therapy utilize basic therapeutic skills to engage clients in the therapeutic process and navigate the predominant models of family therapy The text walks readers through the process of thinking like a family therapist and each chapter utilizes various learning tools to help the reader further understand and apply the concepts Chapters explore the history context and dominant theories of family therapy as well as diversity ethics empathy structuring sessions and assessment Written in a comprehensive and approachable style this text provides readers with the foundational skills and tools essential for being a family therapist and allows students and practitioners to work relationally and systemically with clients The second edition widens its scope of the family therapy field with updated research and four brand new chapters This is an essential text for introductory family therapy courses and a comprehensive resource for postgraduate students and the next generation of family therapists

Systems Theories for Psychotherapists Michael D. Reiter, 2018-11-06 Systems Theories for Psychotherapists explores three key theories that underpin many of the models of psychotherapy general systems theory natural systems theory and language systems theory The book presents the aesthetics how to see and understand what is happening and the pragmatics what to do in the therapy room behind each theory It also explores how therapists can successfully conceptualize the problems that clients bring to therapy offering a range of contemporary examples to show how each theory can be applied to

practice Starting with an introduction to systems theories the book then delves into cybernetics interactional systems natural systems constructivist theory and social construction theory Each chapter uses a distinctive case example to help clinicians to better understand and apply the theories to their own therapeutic setting Woven throughout the book are three helpful learning tools Applying Your Knowledge Key Figure and Questions for Reflection providing the reader with the opportunity to critically engage with each concept consider how their own world view and preconceptions can inform their work with clients and challenging them to apply prominent systems theories to their own practice Systems Theories for Psychotherapists is a clear and valuable text for undergraduate and graduate students in mental health programs including counseling marriage and family therapy social work and clinical psychology as well as for all practicing clinicians **Canadian Journal of**

Psychiatry, 1991 **Qualitative Research Interviewing** Tom Wengraf, 2001-05-09 Wengraf provides a comprehensive theoretical and practical guide to the planning conduct and interpretative analysis of data by semi structured interviewing methods Forthright and frank in his comments about the limitations and practical implications of varying choices which investigators have to make in designing their research projects Reading this text is like having a tough but expert and caring mentor who wants you to do the best research possible but will not hesitate to tell you when your ideology and assumptions skew that possibility Vincent W Hevern Le Moyne College USA Unique in its conceptual coherence and the level of practical detail this book provides a comprehensive resource for those concerned with the practice of semi structured interviewing the most commonly used interview approach in social research and in particular for in depth biographic narrative interviewing It covers the full range of practices from the identification of topics through to strategies for writing up research findings in diverse ways **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1991
