Spirit Rises Terence Hamilton-Morris, 2013-02-22 Life's most profound mysteries have inspired great thinkers throughout the ages but few answers have emerged to address these major questions Why are we born What is the meaning of life What happens to us after we die Is there life after so called human death Can we ever hope to have the answers to these important questions Even the pursuit of answers stirs up controversy some say that the questions themselves are more important than any answers that might be shared Author Terence Hamilton Morris a clairvoyant and open medium offers his insights into these unanswerable mysteries His approach is controversial enlightening and confrontational He invites us to look at these questions from a broader spectrum of possibility and encourages us to look more intently at subjects that we are often instructed to ignore He challenges followers of all religions to be truthful to their original teachings He stresses the importance of discipline motivation and respect for others and he hopes to inspire us to take better care of our environment Hamilton Morris has called upon a veritable panel of experts from the spirit world each of whom has chosen to share their experiences insight and teaching from beyond based on their own experiences from their time on Earth Compelled to share this story by his personal guides because of his extraordinary relationship to the world of Spirit he wants the world to be able to reach what Spirit demanded of him

Beyond the Mayan Prophecy Paul Shavelson, 2012-10-30 Featuring contributors such as John Edward Char Margolis Sandy Anastasia Rick Levine Glynis McCants Mark Van Stone Mary Jo McCabe Gahl Sasson Dr Alicia Tisdale Maggie Kerr Kala Ambrose Mirabai Devi Linda West Derek O'Neill Alan Oken John Holland and Austyn Wells For the past forty years there have been a growing number of people who believe that nothing less than a cataclysmic change is coming in the evolution of Mankind From the dawning of the Age of Aquarius to cosmic forces read Aliens coming to engineer our DNA to the doomsday scenarios triggered by the end of the Mayan calendar there have been those who are sure that the world as we know it is coming to an end And soon But that cataclysmic end has not de materialized or has it In 2012 new data was discovered in Guatemala that gives us concrete evidence of a new paradigm concerning the Mayans and their calendar We are now faced with the idea that perhaps we aren't staring at Armageddon but stand in the middle of a 33 year transformative process While the Mayans might have seen a change for humanity it isn't an

ending per se And if there is change why does that change need to imply destruction Couldn't it be an opportunity for mankind to assess their place in the universe and engage in a positive rebirth in a new era Beyond The Mayan Prophecy posits that our modern day weakness or confusion can be attributed to a less spiritual way of thinking Perhaps our left side brain thinking has held us back from discovering and accepting higher planetary secrets for centuries To move forward with more balanced understanding Paul Shavelson a multi media story teller and former Executive Producer of the hit psychic television show CROSSING OVER has spent the last decade exploring the world of psychics and mystics Paul has assembled a psychic dream team to decode the past and to predict the future With famed metaphysical experts such as Char Margolis Rick Levine Maggie Kerr Alan Oken and Numerologist Glynis McCants Paul covers everything from alien communication to instant collective thinking The Collective Unconscious being cultivated on the internet The dialogue and interviews will be discussed through sidebars by psychic medium author and TV personality John Edward who also provides the forward and afterword of this provocative subject With positive energy and a willingness to have us think outside the box and a personal journey by the author that brings an unexpected and moving aspect to the experience Beyond The Mayan Prophecy is an entertaining thought provoking work that will let the reader embrace why the second half of this transition could be remarkable and inspiring At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied
