covering the Socrates of Antiquity with perspectives forward to later developments especially in drama and the visual arts  
 Socrates from Late Antiquity to medieval times and Socrates in the Renaissance and Enlightenment Among topics singled out  
 for special attention are medieval Arabic and Jewish interest in Socrates and his role in the European Enlightenment as an

 reinterprets C P Cavafy s historical and archaeological poetics by correlating his work to major cultural political and  
 sexualized receptions of antiquity that marked the turn of the 20th century Focusing on selected poems which stage readings  
 of Hellenistic and late ancient texts and material objects this study probes the poet s personal library and archive to trace his  
 scholarly sources and scrutinize their contribution to his creative practice A new understanding of Cavafy s historicism  
 emerges by comparing his poetics to a broad array of discourses and intellectual pursuits of his time these range from  
 antiquarianism physiognomy and Egyptomania to cultural appropriations of the classics which sought to legitimate British  
 colonial rule as well as homoerotic desire As this volume demonstrates Cavafy embraced antiquarianism as an empathetic  
 and passionate way of relating to the past and shaped it into a method that allowed his poetry to render modern meanings to  
 Hellenistic antiquities
