Nutrition Management Of Dogs Cats

Marcel A. Müller

Nutrition Management Of Dogs Cats:

Applied Veterinary Clinical Nutrition Andrea J. Fascetti, Sean J. Delaney, 2012-02-07 Applied Veterinary Clinical Nutrition provides current clinically relevant nutritional advice intended for use in daily canine and feline practice. Highly practical, the book emphasizes solutions for integrating nutrition into clinical practice with introductory chapters covering the foundation and science behind the recommendations and extensive references for further reading. Written by a group of leading veterinary nutritionists, Applied Veterinary Clinical Nutrition is a valuable resource on the principles of animal nutrition and feeding practices in healthy or diseased dogs and cats. The book begins with an overview of basic nutrition, energy requirements, and the basics of product guides, pet foods, home prepared diets, and dietary supplements. Subsequent chapters delve into feeding the healthy dog and cat, nutrition for weight management, and nutritional principles for a variety of diseases, with the final chapters covering enteral and parenteral nutrition. Applied Veterinary Clinical Nutrition is a daily reference for veterinary practitioners, students, and residents seeking authoritative information on feeding animals.

Nutritional Management of Hospitalized Small Animals Daniel L. Chan, 2015-06-30 Nutritional Management of Hospitalized Small Animals offers veterinarians, veterinary students, and technicians a comprehensive reference to the latest information relating to the principles and practice of nutritional support in small animals that require hospitalization. Represents the definitive resource for small animal veterinarians in providing optimal nutritional support for their patients during hospitalization. Discusses and demonstrates the most up to date techniques available for successfully implementing nutritional support for hospitalized small animal patients. Provides step by step pictorial instructions on how to implement the most appropriate techniques for particular patients. Reveals expected outcomes and possible complications along with strategies to minimize risk of complications.

Nutrition and Metabolism of Dogs and Cats Guoyao Wu, 2024-04-16 This book provides new knowledge about the nutrition and metabolism as well as the roles of nutrients in the immunity, health, and management of companion animals, dogs and cats. The domestic dog, facultative carnivore, and the domestic cat, obligate carnivore, have evolved differentially in their digestive tract, nutrition, metabolism, chemical sensing, and feeding behavior. These animals have been human companions for at least 12 000 and 9 000 years respectively and continue to contribute to the mental health and well-being of children, adolescents, and adults. Both dogs and cats have become increasingly popular in many countries and worldwide over the past decades. Comprehensive update about how the animals utilize dietary nutrients for optimum growth, development, and health is beneficial for their owners as well as students and researchers. Chapter 4 Characteristics of Nutrition and Metabolism in Dogs and Cats is available open access under a Creative Commons Attribution 4.0 International License.

Canine and Feline Nutrition Linda P. Case, Leighann Daristotle, Michael G. Hayek, Melody Foess Raasch, 2010-05-19 How well can you answer pet owners' questions about proper diet and feeding? Nutrition and Management of Dogs and Cats ,1989 Home-Prepared Dog and Cat Diets Patricia A. Schenck,2011-11-16 Home Prepared Dog and Cat Diets Second Edition provides an introduction to nutrition of the healthy dog and cat and an extensive discussion of medical disorders that can be managed in part through diet Presenting easy to follow recipes that can be prepared at home this new edition of Donald Strombeck s classic handbook has been completely rewritten by new author Patricia A Schenck to reflect the latest nutritional recommendations based on current research New chapter topics include feeding the puppy and kitten feeding the pregnant or lactating dog or cat feeding the senior pet feeding the performance dog and the role of diet in pets with cancer Diets are now listed together in a cookbook style for ease of use and recipes are adjustable for any size dog or cat allowing exact nutritional values to be calculated Nutrient content for protein fat carbohydrate and fiber have been provided for every diet along with the nutrient density A companion website features downloadable spreadsheets with complete nutritional breakdowns for each recipe Useful for both veterinarians and pet owners alike Home Prepared Dog and Cat Diets Second Edition is a unique handbook written by an expert in the field providing an introduction to the nutritional management of dogs and cats with easy to use recipes for home prepared diets

Clarification Calcium Carbonate We ve had some questions from readers regarding the use of the term calcium carbonate which is listed as an ingredient in a number of the diets found in this book and therefore wanted to clarify what is meant by this ingredient Baking soda comes in two forms sodium bicarbonate and calcium carbonate The sodium bicarbonate version is widely available as baking soda and is commonly used in baking but none of the recipes in this book use it as an ingredient The calcium carbonate version of baking soda is sometimes sold as baking soda substitute and sometimes referred to as simply baking soda To avoid confusing sodium bicarbonate and calcium carbonate any time the calcium carbonate type of baking soda has been used in a diet in this book the ingredient includes the specific term calcium carbonate There are several manufacturers of calcium carbonate baking soda for example Amazon carries the Ener G Foods product baking soda substitute Calcium carbonate can also be sold for garden use which is non food grade so to avoid the use of the garden product in foods the term baking soda was used in this book instead to indicate that readers should be sure to select a food appropriate ingredient
