César Chávez, the Catholic Bishops, and the Farmworkers' Struggle for Social Justice Marco G. Prouty, 2022-06-21 César Chávez and the farmworkers struggle for justice polarized the Catholic community in California's Central Valley during the 1965-1970 Delano Grape Strike. Because most farmworkers and landowners were Catholic the American Catholic Church was placed in the challenging position of choosing sides in an intrafaith conflict. Twice Chávez petitioned the Catholic Church for help. Finally in 1969 the American Catholic hierarchy responded by creating the Bishops Ad Hoc Committee on Farm Labor. This committee of five bishops and two priests traveled California's Central Valley and mediated a settlement in the five year conflict. Within months a new and more difficult struggle began in California's lettuce fields. This time the Catholic Church drew on its long standing tradition of social teaching and shifted its policy from neutrality to outright support for César Chávez and his union the United Farmworkers UFW. The Bishops Committee became so instrumental in the UFW's success that Chávez declared its intervention the single most important thing that has helped us. Drawing upon rich untapped archival sources at the United States Conference of Catholic Bishops Marco Prouty exposes the American Catholic hierarchy's internal and often confidential deliberations during the California farm labor crisis of the 1960s and 1970s. He traces the Church's gradual transition from reluctant mediator to outright supporter of Chávez providing an intimate view of the Church's decision making process and Chávez's steadfast struggle to win rights for farmworkers. This lucid solidly researched text will be an invaluable addition to the fields of labor history social justice ethnic studies and religious history

Debating God's Economy Craig R. Prentiss,2010-11 What would a divinely ordained social order look like Pre labor unions class consciousness and economic power were the watchwords of the day This was a time of immense social change and especially in the light of the monumental social and economic upheavals in Russia and Europe in the early twentieth century Catholics found themselves taking sides Catholic subcultures across America sought to legitimize or in theological parlance sanctify diverse economic systems that were at times mutually exclusive While until now the faithful both scholars and nonscholars have typically spoken of the Catholic Social Tradition as if it were an established prescription for curing social ills Prentiss maintains that the tradition is better understood as a debate grounded in a common mythology that provides Catholics with a distinctive vocabulary and touchstone of authority

The A to Z of the Kennedy-Johnson Era Richard Dean Burns,Joseph M. Siracusa,2009-09-21 In the history of the United States few periods could more justly be regarded as the best and worst of times than the Kennedy Johnson era The arrival of John F Kennedy in the White House in 1961 unleashed an unprecedented wave of hope and optimism in a large segment of the population a wave that would come crashing down when he was assassinated only a few years later His successor Lyndon B Johnson enjoyed less popularity but he was one of the most experienced and skilled presidents the country had ever seen and he promised a Great Society to rival Kennedy s New Frontier Both presidents were dogged by foreign policy disasters Kennedy by the Bay of Pigs fiasco although he came out ahead on the Cuban missile crisis and Johnson from the backlash of the Vietnam War The 1960s witnessed unprecedented progress toward racial and sexual equality but it also played host to race and urban riots And while impressive advances in the sciences and arts were fueling the American imagination the counterculture rejected it all The A to Z of the Kennedy Johnson Era relates these events and provides extensive political economic and social background on this era through a detailed chronology an introduction appendixes a bibliography and several hundred cross referenced dictionary entries on

With God on Our Side Adam D. Reich,2012-04-15 When unions undertake labor organizing campaigns they often do so from strong moral positions contrasting workers rights to decent pay or better working conditions with the more venal financial motives of management But how does labor confront management when management itself has moral legitimacy In With God on Our Side Adam D Reich tells the story of a five year campaign to unionize Santa Rosa Memorial Hospital a Catholic hospital in California Based on his own work as a volunteer organizer with the Service Employees International Union SEIU Reich explores how both union leaders and hospital leaders sought to show they were upholding the Catholic mission of the hospital against a market represented by the other Ultimately workers and union leaders were able to reinterpret Catholic values in ways that supported their efforts to organize More generally Reich argues that unions must weave together economic and cultural power in order to ensure their continued relevancy in the postindustrial world In addition to advocating for workers economic interests unions must engage with workers emotional investments in their work must contend with the kind of moral authority that Santa Rosa Hospital

leaders exerted to dissuade workers from organizing and must connect labor's project to broader conceptions of the public good

The Life of Cardinal Humberto Medeiros of Boston Richard Gribble, 2021-10-15 Cardinal Humberto Medeiros served the Church as priest and bishop in Texas and Massachusetts. An immigrant from the Azores, he utilized his superior intelligence, administrative ability, and language skills to move up rapidly in Church ranks. His work with the National Conference of Catholic Bishops, both nationally and internationally, especially with migrant workers, was notable. Medeiros faced a perfect storm of social, political, and religious issues in Boston. The author argues that despite the challenges he faced in Boston, Medeiros was true to the Church and his personal moral code, seeking always to serve others rather than be served by them, in imitation of Christ.
