Orientalism Modernism And The American Poem:

Orientalism, Modernism, and the American Poem Robert Kern, 2009-03-19 Orientalism Modernism and the American Poem is a critical and historical interpretation of Oriental influences on American modernist poetry Kern equates Fenollosa and Pound's discovery of Chinese writing with the American pursuit of a natural language for poetry what Emerson had termed the language of nature Through analysis and contextualization Kern sheds light on the three contemporary nexuses of his search the cultural study of Orientalism and the West the evolution of Indo European linguistic theory and the intellectual tradition of American modernist poetry Transatlantic Modernism and the US Lecture Tour Robert Volpicelli, 2021 A study of the twentieth century transatlantic literary lecture tour with a focus on the role that this circuit played in the formation of transatlantic modernism by following a diverse group of authors Oscar Wilde W B Yeats Rabindranath Tagore Gertrude Stein and W H Auden *The Emergence of Buddhist American Literature* John Whalen-Bridge, Gary Storhoff, 2009-06-11 The encounter between Buddhism and American literature has been a powerful one for both parties While Buddhism fueled the Beat movement's resounding critique of the United States as a spiritually dead society Beat writers and others have shaped how Buddhism has been presented to and perceived by a North American audience Contributors to this volume explore how Asian influences have been adapted to American desires in literary works and Buddhist poetics or how Buddhist practices emerge in literary works Starting with early aesthetic theories of Ernest Fenollosa made famous but also distorted by Ezra Pound the book moves on to the countercultural voices associated with the Beat movement and its friends and heirs such as Ginsberg Kerouac Snyder Giorno Waldman and Whalen The volume also considers the work of contemporary American writers of color influenced by Buddhism such as Maxine Hong Kingston Charles Johnson and Lan Cao An interview with Kingston is included **The Hypothetical Mandarin Sympathy, Modernity, and Chinese Pain** Eric Hayot, 2009-11-05 Why has the West for so long and in so many different ways expressed the idea that the Chinese have a special relationship to cruelty and to physical pain What can the history of that idea and its expressions teach us about the politics of the West's contemporary relation to China And what does it tell us about the philosophy of modernity The Hypothetical Mandarin is in some sense a history of the Western imagination It is also a history of the interactions between Enlightenment philosophy of globalization of human rights and of the idea of the modern Beginning with Bianchon and Rastignac's discussion of whether the former would if he could obtain a European fortune by killing a Chinese mandarin in Balzac's *Le Pere Goriot* 1835 the book traces a series of literary and historical examples in which Chinese life and European sympathy seem to hang in one another's balance Hayot's wide ranging discussion draws on accounts of torture on medical case studies travelers tales photographs plasticized corpses polemical broadsides watercolors and on oil paintings His analyses show that the historical connection between sympathy and humanity and indeed between sympathy and reality has tended to refract with a remarkable frequency through the lens called China and why the story of the West's Chinese pain goes to the heart of the

relation between language and the body and the social experience of the modern human being Written in an ebullient prose The Hypothetical Mandarin demonstrates how the network that intertwines China sympathy and modernity continues to shape the economic and human experience **Before Windrush** Pallavi Rastogi,Jocelyn Fenton Stitt,2009-10-02 Before Windrush Recovering an Asian and Black Literary Heritage within Britain is an important intervention in the growing field of Black British literary studies Composed of essays on non white writers living in or writing about Britain in the period before the post WW II wave of immigration the anthology testifies to the existence of a British nation that has been multiracial and multicultural for centuries Through an analysis of well known figures such as Mary Prince Mary Seacole C L R James and Mulk Raj Anand as well as forgotten writers such as Helena Wells Lucy Peacock Olive Christian Malvery Bhagvat Singh Jee T B Pandian and Lao She among others the essays in Before Windrush shed light on an understudied aspect of Britain its racial and ethnic complexity during the colonial period The authors discussed here whose work originates in and borrows from Romantic Victorian and Modernist conventions challenge the implicit whiteness of English writing by showing the literary legacy of the Asian and black presence in Britain Before Windrush places this hidden literary history of Asian and black literature within the social and cultural contexts of its British production Contributors include Julie Codell Pallavi Rastogi W F Santiago Valles Jocelyn Fenton Stitt Michelle Taylor Stoyan Tchapravov Margaret Trenta and Anne Witchard The Routledge Companion to Literature and Religion Mark Knight,2016-04-28 This unique and comprehensive volume looks at the study of literature and religion from a contemporary critical perspective Including discussion of global literature and world religions this Companion looks at Key moments in the story of religion and literary studies from Matthew Arnold through to the impact of 9 11 A variety of theoretical approaches to the study of religion and literature Different ways that religion and literature are connected from overtly religious writing to subtle religious readings Analysis of key sacred texts and the way they have been studied re written and questioned by literature Political implications of work on religion and literature Thoroughly introduced and contextualised this volume is an engaging introduction to this huge and complex field

Sinographies Eric Hayot,Haun Saussy,Steven G. Yao, Sinographies examines topics like colonialism literary modernism translation anime and Tibet As a whole this volume imagines sinography as a new methodological approach to the study of China one that clears ground for new kinds of comparative work **Chicano Poetics** Alfred Arteaga,1997-07-28 How the text of Spanish and Indian miscegenation and the story of Aztlan propagate identity is demonstrated in texts from Bernal Diaz del Castillo to Gloria Anzaldua The international space and the interlingual language of the borderlands are read as factors of nationalism and postcoloniality in discussion ranging from cowboy lingo to the essential Mexicanism of Octavio Paz Ezra Pound and Confucianism Feng Lan,2011-11-01 In Ezra Pound and Confucianism Feng Lan offers the first study of Ezra Pound s project of establishing a Confucian humanism as an alternative to Western modernism While Pound scholars are familiar with the American poet s commitment to Confucianism the question of how Confucianism systematically shaped Pound s

thoughts has not been convincingly answered Lan shows that when confronted with what appeared to him a dehumanising modern world Pound discovered in Confucianism possible solutions to issues that he encountered in language politics and religion which Western intellectual tradition as a whole had failed to provide By integrating Confucian doctrines with received ideas from Western tradition Pound developed a humanist discourse and brought it to bear on the historical conditions of his time The result was a discourse characterized primarily by the following beliefs the human mind as the source of creation the individual's moral will as the basis of truth and social order the human partnership with the world of nature the self-perfectibility of human beings and their innate capability for internal transcendence in spiritual life Lan examines the strategies with which Pound reconstructed Confucianism into a systematic modern discourse focusing on his controversial translation of Confucian scriptures his rethinking of the nature of language and poetry his political theory of the individual and the state and his formulation of an unorthodox spirituality Situating Pound's works in diverse cultural historical and intellectual contexts Ezra Pound and Confucianism demonstrates that despite its frequent divergence from the Confucian canon Pound's Confucian humanism gives his poetry an ideological coherence enriches the Western humanist tradition and asserts its relevance to the historical and cross-cultural development of Confucianism in modern times

Transpacific Displacement Yunte Huang, 2002-02-06 Yunte Huang has produced a fascinating study of what he calls textual travelling which is to say the transformation of poetic texts in this case Chinese ones at the hands of American scholars editors translators and especially poets This brave and highly original study is sure to raise controversy Marjorie Perloff author of Wittgenstein's Ladder **Great Walls of Discourse and Other Adventures in Cultural China** Haun Saussy, 2020-03-23 China and the West us and them the subject and the non-subject these and other dualisms furnish China watchers both inside and outside China with a pervasive ready-made set of definitions immune to empirical disproof But what does this language of essential difference accomplish The essays in this book are an attempt to cut short the recitation of differences and to answer this question In six interpretive studies of China the author examines the ways in which the networks of assumption and consensus that make communication possible within a discipline affect collective thinking about the object of study Among other subjects these essays offer a historical and historiographical introduction to the problem of comparison and deal with translation religious proselytization semiotics linguistics cultural bilingualism writing systems the career of postmodernism in China and the role of China as an imaginary model for postmodernity in the West Against the reigning simplifications these essays seek to restore the interpretation of China to the complexity and impurity of the historical situations in which it is always caught The chief goal of the essays in this book is not to expose errors in interpreting China but to use these misunderstandings as a basis for devising better methodologies for comparative studies

The New Ezra Pound Studies Mark Byron, 2020 Essays on recent developments in Pound scholarship and research including newly available primary sources and methodological advances in cognate fields Reconsidering Longfellow

Christoph Irmscher, Robert Arbour, 2014-02-19 *Reconsidering Longfellow* is the first collection of scholarly essays in several decades devoted entirely to the work and afterlife of the most popular and widely read writer in American literature. The essays written by a new generation of Longfellow scholars cover the entire range of Longfellow's work from the early poetry to the wildly successful epics of his middle period *Evangeline*, *The Song of Hiawatha* to his Chaucerian collection of stories published after the Civil War *Tales of a Wayside Inn*. Separate contributions discuss Longfellow's financial dealings, his preoccupation with his children and his interest in the visual arts as well as the tremendous role his poetry did and will once again play in American literature classrooms in the U.S. All essays were written specifically for the volume. Many of them rely on unpublished archival sources from the Longfellow collections at the Longfellow House, George Washington National Historic Site and at Houghton Library in Cambridge, Massachusetts.

Ezra Pound and the Appropriation of Chinese Poetry Ming Xie, 2021-12-12 First published in 1999. The subject of this book is the translation and appropriation of Chinese poetry by some English and American writers in the early decades of this century. The author explores the concerns as much with English translation of Chinese poetry per se as with the relationship between this body of translation from the Chinese and the developing poetics and practices of what is usually referred to as Imagism as much with the question of historical influence or ascription as with certain interpretive and critical aspects of this correlative relationship. Focusing on the direct influence of Chinese poetry upon the theory and practice of Imagism, attributing to Imagist poets in general and Ezra Pound in particular the perception in Chinese poetry of the essential qualities and principles for rejuvenating English poetry in the early decades of the century.

[The Organization of Distance](#) Lucas Klein, 2018-07-17 What makes a Chinese poem Chinese? Some call modern Chinese poetry insufficiently Chinese, saying it is so influenced by foreign texts that it has lost the essence of Chinese culture as known in premodern poetry. Yet that argument overlooks how premodern regulated verse was itself created in imitation of foreign poetics. Looking at Bian Zhilin and Yang Lian in the twentieth century alongside medieval Chinese poets such as Wang Wei, Du Fu and Li Shangyin, *The Organization of Distance* applies the notions of foreignization and nativization to Chinese poetry to argue that the impression of poetic Chineseness has long been a product of translation from forces both abroad and in the past.

Pacific Rim Modernisms Mary Ann Gillies, Helen Sword, Steven G. Yao, 2009-01-01 *Pacific Rim Modernisms* explores the complex ways that writers, artists and intellectuals of the Pacific Rim have contributed to modernist culture, literature and identity.

Dos Passos and the Ideology of the Feminine Janet Galligani Casey, 1998-09-28 A study of the role of the feminine in Dos Passos's fiction.

T.S. Eliot, Poetry, and Earth Etienne Terblanche, 2016-05-12 T.S. Eliot enjoyed a profound relationship with Earth. Criticism of his work does not suggest that this exists in his poetic oeuvre. Writing into this gap, Etienne Terblanche demonstrates that Eliot presents Earth as a process in which humans immerse themselves. *The Waste Land* and *Four Quartets* in particular re-locate the modern reader towards mindfulness of Earth's continuation and one's radical becoming within that process. But what are

the potential implications for ecocriticism Based on its careful reading of the poems from a new material perspective this book shows how vital it has become for ecocriticism to be skeptical about the extent of its skepticism to follow instead the twentieth century s most important poet who at the end of searing skepticism finds affirmation of Earth art and real presence
