Liu Shaoqi Part Two examines the rise and fall of Lin Biao during the years 1959-1971 Lin's bid for power which began with the consolidation of his personal clique in the army and mass level persecution in the late stages of the Cultural Revolution ended in a failed coup and his death in an air crash Part Three follows Jiang Qing from 1966 to her arrest in 1976 for her part in instigating mass violence and the persecution of key figures including Zhou Enlai During this period the political fortunes of Deng Xiaoping rose and fell for a second time the first protest at Tiananmen Square in 1976 ended in a bloody suppression and that same year the Gang of Four were arrested Unlike social scientific treatments of political phenomena Turbulent Decade includes little discussion of economics still less of international relations and no institutional analysis Instead the authors fervent belief in the truthful telling of history through its leading personalities pervades the work

Mao's Last Revolution

Roderick MacFarquhar, Michael Schoenhals, 2006-08-18 The Cultural Revolution was a watershed event in the history of the People's Republic of China the defining decade of half a century of communist rule Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party Tens of thousands of officials were humiliated tortured and even killed Order had to be restored by the military whose methods were often equally brutal In a masterly book Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In often horrifying detail they document the Hobbesian state that ensued The movement veered out of control and terror paralyzed the country Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao's wife and leader of the Gang of Four while Mao often played one against the other After Mao's death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority In its invaluable critical analysis of Chairman Mao and its brilliant portrait of a culture in turmoil Mao's Last Revolution offers the most authoritative and compelling account to date of this seminal event in the history of China

The Cultural Revolution Frank Dikötter, 2017-06-06 The concluding volume following Mao's Great Famine and The Tragedy of Liberation in Frank Dikötter's award winning trilogy chronicling the Communist revolution in China After the economic disaster of the Great Leap Forward that claimed tens of millions of lives from 1958-1962 an aging Mao Zedong launched an ambitious scheme to shore up his reputation and eliminate those he viewed as a threat to his legacy The Cultural Revolution's goal was to purge the country of bourgeois capitalistic elements he claimed were threatening genuine communist ideology Young

students formed the Red Guards vowing to defend the Chairman to the death but soon rival factions started fighting each other in the streets with semiautomatic weapons in the name of revolutionary purity As the country descended into chaos the military intervened turning China into a garrison state marked by bloody purges that crushed as many as one in fifty people The Cultural Revolution A People's History 1962-1976 draws for the first time on hundreds of previously classified party

documents from secret police reports to unexpurgated versions of leadership speeches After the army itself fell victim to the Cultural Revolution ordinary people used the political chaos to resurrect the market and hollow out the party's ideology By showing how economic reform from below was an unintended consequence of a decade of violent purges and entrenched fear The Cultural Revolution casts China's most tumultuous era in a wholly new light **Origins of the Cultural Revolution, V**

The Cultural Revolution: A Very Short Introduction Richard Curt Kraus,2012-01-06 China's decade long Great Proletarian Cultural Revolution shook the politics of China and the world Even as we approach its fiftieth anniversary the movement remains so contentious that the Chinese Communist Party still forbids fully open investigation of its origins development and conclusion Drawing upon a vital trove of scholarship memoirs and popular culture this Very Short Introduction illuminates this complex often obscure and still controversial movement Moving beyond the figure of Mao Zedong Richard Curt Kraus links Beijing's elite politics to broader aspects of society and culture highlighting many changes in daily life employment and the economy Kraus also situates this very nationalist outburst of Chinese radicalism within a global context showing that the Cultural Revolution was mirrored in the radical youth movement that swept much of the world and that had imagined or emotional links to China's red guards Yet it was also during the Cultural Revolution that China and the United States tempered their long hostility one of the innovations in this period that sowed the seeds for China's subsequent decades of spectacular economic growth *The origins of the Cultural Revolution* Roderick Macfarquhar,1974
