*The Power of a Praying Child* Dr A Gildon, 2024-03-05 Teaching children to pray is a vital part of introducing them to Jesus and reinforcing their relationship with God Our Lord gave us prayer so we could communicate with him directly and getting children comfortable with prayer helps them to understand that God is always close and accessible Children can start learning to pray even before they can speak in coherent sentences simply by watching you pray more about this later and by inviting them to pray with you as best they can As with any good habit you ll want to reinforce prayer as a regular part of life as early as possible Once a child can communicate verbally they can learn to pray on their own either out loud or silently But if your Christian walk began after you started raising a family it s never too late for kids to learn about the importance of prayer Be sure your children understand that prayer is simply a conversation with God one that shows respect for his unending love and power but that is spoken in our own words Matthew 6 7 says When you pray don t babble on and on as people of other religions do They think their prayers are answered merely by repeating their words again and again NLT In other words we don t need formulas We can and should speak to God in our own words Some religions teach specific prayers such as The Lord s Prayer which was given to us by Jesus Children can start practicing and learning these at an appropriate age The concepts behind these prayers can be taught so that kids aren t simply reciting words without meaning If you teach these prayers it should be in addition to and not instead of showing them how to talk to God naturally *The Power of a Praying Parent* Stormie Omartian, 2007 Stormie Omartian s bestselling *The Power of a Praying* series more than 28 million copies sold is rereleased with fresh new covers and new material to reach a still growing market of readers eager to discover the power of prayer for their lives Parents can discover and apply Stormie s life changing and family building truths about prayer with this easy to use study guide to praying for their children Corresponding with the chapters in Stormie s bestselling book *The Power of a Praying Parent* this study guide addresses a variety of important topics including how to pray for God s plan for each child the growth of your children s faith strong healthy family relationships *The Power of a Praying Parent Prayer and Study Guide* will help you pray for your children powerfully and effectively This guide will also appeal to relatives friends and anyone concerned about the hearts and minds of the kids they love *The Power of Praying for Your Adult Children* (Milano Softone) Stormie Omartian, 2022-10-04 Keep Parenting Them Through Prayer Even though your relationships with your children may change once they enter adulthood you can still impact the direction of their lives by asking your heavenly Father to shape them for His glory This powerful book from bestselling author Stormie Omartian offers you encouragement and support as you continue to love influence and minister to your now grown kids You ll learn how to ask for God s divine intervention in the lives of your children as you pray that they will develop hearts hungry for God His Word and His ways flourish in their relationships careers and health stand strong against temptations stumbling blocks and
