The Noumenal Republic Rainer Forst, 2024-04-15 All human beings are born with equal dignity and possess equal rights This statement appears normatively just as irrefutable as it is empirically refuted every day But what are the grounds of this principle and how should we think about its realization Its philosophical truth can best be explained by going back to and beyond Kant s notion of a noumenal republic in which every person is an equal co author of the laws that bind all At the same time a critical analysis of society and politics must show the extent to which the reality of power and ideology makes a mockery of this constructivist conception of dignity To bridge the gap between unworldly idealism and practical hopelessness we need a critical theory after Kant Rainer Forst one of the world s most influential political philosophers works to develop just such a theory in this powerful and illuminating volume It contains no less than a new systematic account of concepts such as alienation progress and regression solidarity human rights justice power and non domination

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 7: Khayyami Art Mohammad H. Tamdgidi, 2024-03-01 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a twelve book series of which this book is the seventh volume subtitled Khayyami Art The Art of Poetic Secrecy for a Lasting Existence Tracing the Robaiyat in Nowrooznameh Isfahan s North Dome and Other Poems of Omar Khayyam and Solving the Riddle of His Robaiyat Attributability Each book independently readable can be best understood as a part of the whole series In Book 7 Tamdgidi shares his updated edition of Khayyam s Persian book Nowrooznameh The Book on Nowrooz and for the first time his new English translation of it followed by his analysis of its text He then visits recent findings about the possible contribution of Khayyam to the design of Isfahan s North Dome Next he shares the texts and his new Persian where needed and English translations and analyses of Khayyam s other Arabic and Persian poems Finally he studies the debates about the attributability of the Robaiyat to Omar Khayyam Tamdgidi verifiably shows that Nowrooznameh is a book written by Khayyam arguing that its unreasonable and unjustifiable neglect has prevented Khayyami studies from answering important questions about Khayyam s life works and his times Nowrooznameh is primarily a work in literary art rather than in science tasked not

with reporting on past truths but with creating new truths in the spirit of Khayyam's conceptualist view of reality Iran in fact owes the continuity of its ancient calendar month names to the way Khayyam artfully recast their meanings in the book in order to prevent their being dismissed given their Zoroastrian roots during the Islamic solar calendar reform underway under his invited direction The book also sheds light on the mysterious function of Isfahan's North Dome as a space revealing it as having been to serve as part of an observatory complex for the annual Nowrooz celebrations and leap year declarations of the new calendar The North Dome to whose design Khayyam verifiably contributed and in fact bears symbols of his unitary view of a world created for happiness by God marks where the world's most accurate solar calendar of the time was calculated It deserves to be named after Omar Khayyam not Taj ol Molk and declared as a cultural world heritage site Nowrooznameh is also a pioneer in the prince guidance books genre that anticipated the likes of Machiavelli's The Prince by centuries the difference being that Khayyam's purpose was to inculcate his Iranian and Islamic love for justice and the pursuit of happiness in the young successors of Soltan Malekshah Iran is famed for its ways of converting its invaders into its own culture and Nowrooznameh offers a textbook example for how it was done by Khayyam Most significantly however Nowrooznameh offers by way of its intricately multilayered meanings the mediating link between Khayyam's philosophical theological and scientific works and his Robaiyat showing through metaphorical clues of his beautiful prose how his poetry collection could bring lasting spiritual existence to its poet posthumously Khayyam's other Arabic and Persian poems also provide significant clues about the origins the nature and the purpose of the Robaiyat as his lifelong project and magnum opus Tamdgidi argues that the thesis of Khayyam's Robaiyat as a secretive artwork of quatrains organized in an intended reasoning order as a book of life serving to bring about his lasting spiritual existence can solve the manifold puzzles contributing to the riddle of his Robaiyat attributability He posits and in the forthcoming volumes of this series will demonstrate that the lost quatrains comprising the original collection of Robaiyat have become extant over the centuries such that we can now reconstruct by way of solving their 1000 piece jigsaw puzzle the collection as it was meant to be read as an ode of interrelated quatrains by Omar Khayyam Table of Contents About OKCIR i Published to Date in the Series ii About this Book iv About the Author viii Notes on Transliteration xix Acknowledgments xxi Preface to Book 7 Recap from Prior Books of the Series 1 Introduction to Book 7 Tracing the Robaiyat in Omar Khayyam's Artwork 11 CHAPTER I Omar Khayyam's Literary Work Nowrooznameh An Updated Persian Text and Its New English Translation for the First Time 21 CHAPTER II Omar Khayyam's Literary Work Nowrooznameh A Clause by Clause Textual Analysis 147 CHAPTER III Unveiling the Open and Hidden Functions of the Mysterious North Dome of Isfahan How Omar Khayyam Designed for His Commissioned Projects of Solar Calendar Reform and Building Its Astronomical Observatory Iran's Most Beautiful Dual Use Structure for the Annual Celebration of Nowrooz 367 CHAPTER IV Omar Khayyam's Arabic and Persian Poems Other than His Robaiyat Translated into Persian from Arabic and English and Textually Analyzed 497 CHAPTER V Did Omar Khayyam

,2025-05-27 **Representing Women's Political Identity in the Early Modern Iberian World** Jeremy Roe,Jean
Andrews,2020-10-07 By exploring textual visual and material culture this volume presents a range of new research into the
experiences agencies and diverse political identities of Iberian women between the fifteenth and early eighteenth century
Representing Women s Political Identity in the Early Modern Iberian World explores how the political identities of Iberian
women were represented in various forms of visual culture including religious paintings and portraiture costume and
devotional and funerary sculpture This study examines the transmission of Iberian culture and its concepts of identity to
locations such as Peru Goa and Mexico providing a rich insight into Iberia s complex history and legacy The collection of
essays explores the lives of protagonists which vary from queens and members of the nobility to painters and nuns allowing
for a more nuanced understanding of both the elite and non elite woman s experience in Spain Portugal and their overseas
realms during the early modern period By addressing the significance of gender alongside the visual representation of
political ideology and identity this book is an invaluable source for students and researchers of early modern Iberia and the
history of women Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com>
