As a principal and community superintendent I observed firsthand how transformational the work of Garfield Gini Newman and Roland Case is in the school community and on a systemic level in the school community and on a systemic level

It is a must read

Ursula A Hermann Ph D retired principal and community superintendent Montgomery County Public Schools

What impresses me most about Creating Thinking Classrooms is the notion of framing the retooling of schools as renovation or reinvigoration rather than as revolution

Too many seem to ignore that there are many good things worth preserving in our schools and others that need to be reframed or recast to give them greater currency

This book builds on what has worked and makes it better
