Power Through Weakness Pauls Understanding Of The Christian Ministry In 2 Corinthians:

Power Through Weakness Timothy B. Savage, 1996 Dr Savage seeks to understand the apostle Paul's apparently contradictory description of his ministry in 2 Corinthians as one in which power is manifested through weakness. When I am weak then I am strong. This paradox becomes intelligible when it is understood that Paul's critics were influenced by a perspective which was the exact opposite of his: they imbibed the self-exalting outlook of their contemporary world while he embraced the self-emptying gospel of Christ. Drawing from archaeological data on first-century Corinth, this study is unique in establishing both the secular underpinnings of Paul's paradoxical language and the devastating critique which that language offers on the general outlook of the first century. Paul emerges as a radical foil to the spirit of the age. *The Power of God in Paul's Letters* Petrus J. Gräbe, 2008 The concept of God's power is a leading motif in Pauline theology. It functions in key passages of Paul's letters and is intrinsically linked to his theology of the cross and its soteriological explication in the message of justification. Because this concept is so closely related to the message of the cross, Paul often speaks of power in a paradoxical context. Although power is generally assumed to be an important motif in Pauline theology, the concept has not yet been fully explored. Petrus J. Gräbe investigates the concept of God's power in Paul's letters. He also gives an overview of God's power in the broader New Testament context in order to distinguish more clearly the specific Pauline interpretation of the power of God. The investigation comprises three sections: A lexico and conceptual historical overview of the concept of power; an exegetical investigation of the concept of God's power in Paul's letters; and a theological scope of the concept of God's power in the Pauline letters. In the last section, Petrus J. Gräbe distinguishes between a theological, christological, and a pneumatological emphasis. The concept of God's power plays an important role in the way Paul views his apostolic ministry. In the concluding chapter, the author therefore deals with Paul's ministry within the christological perspective on weakness and power. The work is an important contribution to Pauline studies and is a well-researched, thorough, and scholarly study. Jeffrey R. Asher in *The Catholic Biblical Quarterly* vol 64 2002 page 762. This book is a useful refresher course on Paul with a valuable dialogue with the most recent monographs and commentaries on his letters. Benedict T. Viviano in *Zeitschrift für Missionswissenschaft und Religionswissenschaft* Jahrgang 86 2002 p 74. Second Corinthians and Paul's Gospel of Human Mortality Richard I. Deibert, 2017-01-30 How does Paul's bodily mortality both collapse his apostolic authority in Corinth and yet confirm his gospel? Richard I. Deibert explores the vital relationship between Paul's experience of death and his theology of death. Back cover. **2 Corinthians: An Introduction and Study Guide** Jay Twomey, 2017-01-12 This guide considers the historical contexts, the literary forms, the social and rhetorical backgrounds, the politics, the theologies, and the reception of 2 Corinthians. Each chapter surveys recent scholarly approaches to the text, focussing especially on critical perspectives that mesh with our contemporary concerns about gender, identity, race, and class. 2 Corinthians becomes, in the process, less the work of a single 1st-century writer than a set of fraught, even fractured, negotiations between competing interests and

impulses conducted in Paul's voice The last chapter brings the letter into conversation with Nathaniel Hawthorne's short story *The Minister's Black Veil* in order to shift the terms of the critical discussion from what Paul meant to how Paul means in later cultural moments Twomey introduces students to the way 2 Corinthians offers a fascinating but fragmentary glimpse into Paul's continuing ties with the Corinthian community At the same time Twomey shows how the letter is the site of many new critical challenges to traditional readings of Paul and early Christianity In contrast to 1 Corinthians this 2 Corinthians largely eschews the debates and discussions the interests and concerns of Paul's correspondents Instead we find Paul engaged in a multi-pronged defence of his ministry in and beyond Corinth Over the course of thirteen chapters he runs the gamut of the emotions rhetorically from tears to joy to biting anger while struggling to keep his relationship with some say his control over the community intact

Transforming Boasting of Self into Boasting in the Lord Marcin Kowalski, 2013-07-12 This book uses rhetorical analysis to illuminate one of the most fascinating and complicated speeches by Saint Paul 2 Cor 10 13 The main problem of the speech regards Paul's claim to be a true servant of Christ and to have the right to boast about it Paul proves he is strong enough to be the leader of Corinth and paradoxically demonstrates that weakness should belong to the identity of an apostle Another issue regards the legitimacy of his boasting The egocentric boast based on the comparison with his opponents is the one that Paul calls foolish but he is forced nevertheless to undertake it The tool that ultimately enables him to transform self aggrandizing speech into speech that is focused on Christ is his paradoxical boasting of weakness The careful crafting of his discourse based on Christological principles ultimately speaks for qualifying it as a self praise speech *periautologia* with a pedagogical not defensive purpose

Metaphors and Social Identity Formation in Paul's Letters to the Corinthians Kar Yong Lim, 2017-05-05 Why did Paul frequently employ a diverse range of metaphors in his letters to the Corinthians Was the choice of these metaphors a random act or a carefully crafted rhetorical strategy Did the use of metaphors shape the worldview and behavior of the Christ followers In this innovative work Kar Yong Lim draws upon Conceptual Metaphor Theory and Social Identity Theory to answer these questions Lim illustrates that Paul employs a cluster of metaphors namely sibling familial temple and body metaphors as cognitive tools that are central to how humans process information construct reality and shape group identity Carefully chosen these metaphors not only add colors to Paul's rhetorical strategy but also serve as a powerful tool of communication in shaping the thinking governing the behavior and constructing the social identity of the Corinthian Christ followers

The Crucified King Jeremy R. Treat, 2014-05-27 The kingdom of God and the atonement are two of the most important themes in all of Scripture. Tragically, theologians have often either set the two at odds or focused on one to the complete neglect of the other. In *The Crucified King*, Jeremy Treat demonstrates that Scripture presents a mutually enriching relationship between the kingdom and atonement that draws significantly from the story of Israel and culminates in the crucifixion of Christ, the king. As Israel's messiah, he holds together the kingdom and the cross by bringing God's reign on earth through his atoning death. The kingdom is the ultimate goal of the cross, and the cross is the means by which the kingdom comes. Jesus' death is not the failure of his messianic ministry nor simply the prelude to his royal glory, but is the apex of his kingdom mission. The cross is the throne from which he rules and establishes his kingdom. Using a holistic approach that brings together the insights of biblical and systematic theology, this book demonstrates not only that the kingdom and the cross are inseparable, but how they are integrated in Scripture and theology.

Paul's Language of Grace in its Graeco-Roman Context James R. Harrison, 2017-01-03 Paul s Language of Grace in Its Graeco Roman Context was originally published by Mohr Siebeck in 2003 and is now reprinted by Wipf and Stock with a new introduction by its author James R Harrison The book was the first major investigation of charis grace favor in its social political and religious context since G P Wetter s pioneering 1913 monograph on the topic Focusing on the evidence of the inscriptions papyri philosophers and Greek Jewish literature Harrison examined the operations of the eastern Mediterranean benefaction system probing the dynamic of reciprocity between the beneficiary and benefactor whether human or divine Before Paul s converts were first exposed to the gospel they would have held a variety of beliefs regarding the beneficence of the gods The apostle therefore needed to tailor his language of grace as much to the theological and social concerns of the Mediterranean city states in his missionary outreach as to the variegated traditions of first century Judaism In terms of human grace although Paul endorses the reciprocity system he redefines its rationale in light of the gospel of grace and transforms its social expression in his house churches The explosion of grace language that occurs in 2 Corinthians 8 9 regarding the Jerusalem collection is unusual in its frequency in comparison to the honorific inscriptions underscoring the apostle s distinctive approach to giving Regarding divine beneficence Paul accommodates his gospel to contemporary benefaction idiom But he retains a distinctiveness of viewpoint regarding divine charis it is non cultic it is mediated through a dishonored and impoverished Benefactor it overturns the do ut des expectation I give so that you may give regarding divine blessing in antiquity Harrison s book still remains the authoritative coverage of the Graeco Roman context of charis
